FOREWORD

For the 44th consecutive year, the American Correctional Association has published the *Directory of Juvenile and Adult Correctional Departments, Institutions, Agencies and Paroling Authorities*. This year an important, new feature has been added: We have included the administrative staff for nearly every correctional facility. Some of these staff positions include: deputy or assistant warden, affirmative action officer, director of classification, administrative assistant, chaplain, business manager and personnel officer.

We would like to direct your attention to the statistical summaries located in the front of the *Directory*. These summaries are an invaluable source for researchers. In some cases, the editor has had to interpret or combine information provided. For detailed information beyond that given in the summaries, please contact the public information officer for the department.

Another useful aspect of the *Directory* is the personal locator, an alphabetized listing of all individuals contained in this publication. This simplifies locating an individual when the employing state is not known.

Because of corrections' volatility and the political influences affecting personnel, it is impossible for the *Directory* to be up to date at the time of publication. We make every effort to keep the *Directory* current between editions; please do not hesitate to contact us if you need information. We welcome any comments you might have for improving any aspect of this document.

This publication is one of three directories published by the American Correctional Association. The *National Jail and Adult Detention Directory,* recently published in Nov. 1983, provides vital information on the nation's jails and adult detention centers. The *Probation and Parole Directory* published in 1982, provides federal, state and county information on adult and juvenile probation, parole and aftercare services in the United States and Canada. Together, these three directories provide a pertinent and comprehensive guide to the correctional system.

The Association extends a special thanks to the participating adult and juvenile corrections officials and staff who provided the information necessary for this publication. It is only through their generous spirit of cooperation and professional concern that this important directory is possible.

Anthony P. Travisono
College Park, Maryland — Executive Director

Note

Information in this directory was requested as of July 1, 1983. Correctional information is constantly changing. Every effort is made to include important, new information known to us prior to publication date.

MEETINGS OF THE AMERICAN CORRECTIONAL ASSOCIATION

The American Correctional Association (ACA) sponsors two major meetings each year—the Congress of Correction in August and the Winter Conference in January.

Both meetings offer workshops that appeal to all sectors of the Association's membership, as well as non-ACA members in the correctional field and the many interested citizens in attendance. In addition, the Congress features technical workshops, professional seminars, and exhibits featuring equipment and materials necessary for corrections-related building and programs.

Leading experts in the field are featured speakers at these workshops. The tone is positive and proactive as these top-notch speakers address corrections' problems, developments and issues.

Participation in these meetings is an important way to support the Association, but more importantly, is a significant way professionals can support the field while growing professionally.

Congresses of Correction:

1984 --- San Antonio, Texas	August 19-23
1985 --- New York, New York	August 11-15
1986 --- Las Vegas, Nevada	August 10-14

Winter Conferences:

1984 --- Denver, Colorado	January 9-12
1985 --- Orlando, Florida	January 17-20

DIRECTORY USER'S GUIDE

This *Directory* provides information on adult and juvenile correctional systems in the United States, its territories, the federal government and Canadian federal and provincial systems.

Within the listings of adult and juvenile services, the following are included:

- Organizational overview
- Central office administrative staff
- Institutions (information as of July 1, 1983)
    - Administrative staff
    - Year opened
    - Normal or rated capacity
    - Average daily population
    - Degree of security
    - Offender type (felon, misdemeanant, etc.)
    - Accreditation status
    - Cost of care
    - Number of employees
- Community based programs
- Parole Boards (function and members)
- Administrative boards
- Parole and aftercare
- Probation services

This data will assist the user in understanding the total structure of correctional departments in any given jurisdiction.

Statistical summaries of fiscal, personnel and offender information provide vital nationwide data often sought by professionals and the public.

Every effort has been made to ensure accuracy and completeness; however, the Association cannot assume responsibility for errors or omissions. When updated information was not provided, data from last year's editions was assumed correct and repeated.

Changes or new information to be recorded in future editions of the directory should be forwarded to the Association. Comments or suggestions for improvement are welcome.

Who will manage your capital expenditure program?

It's a familiar story. Over budget and behind schedule. Too little information and too much to do. It doesn't have to be that way. Now, there is a way to control costs and time, and still get the facilities you want. It's called Capital Expenditure Management (CEM).

CEM works. It works because it gives you valuable cost and technical input prior to and during design — without having to give up the competitive bid. It helps you plan, coordinate and control your building program from the very beginning... and gives you the expanded capabilities you need to complement your in-house expertise — just for the duration of your project.

Kitchell has managed or constructed projects worth over one billion dollars — all completed on time and within budget. Sound too good to be true? Talk to our clients. They can tell you what a good investment our services turned out to be.

The Executone® Maximum Security Telephone System™: Added Safety for the Correctional Officer.

In a correctional institution, the telephone is far more than just a communication device. It's a tool to safeguard lives.

That's why Executone Inc., in cooperation with the Federal Bureau of Prisons, has designed the Maximum Security Telephone System: the most advanced computerized telecommunications network for correctional institutions ever conceived.

The Maximum Security Telephone System anticipates virtually every possible security situation. Take, for instance, the System's special "No Dial" feature that automatically generates an alarm if a phone is left off the hook longer than 14 seconds. Or the "Watch-Call Station" feature that simplifies and safeguards inmate head counts. To call in, officers simply dial a 3-digit code that instantly connects them to the "Watch-Call Station" located in the control center. Up to 32 officers can call in–and confer–simultaneously.

The System also provides special phones in key security areas like control centers, guard towers, sally ports and emergency personnel areas. Should an emergency situation arise, an officer need only dial a 3-digit code to set off all security conference phones simultaneously.

For all its technological sophistication, the System is remarkably easy to use, install and maintain. And its price is competitive with systems that are currently used in correctional facilities but do not offer these advanced security features.

So play it safe. Call the Executone experts and learn more about what this special System can do for your facility.

PRISONERS UNDER DEATH SENTENCE, BY JURISDICTION, ON JULY 1, 1983

Note: For the period covered, there were no statutory provisions for capital punishment in Alaska, Hawaii, Iowa, Kansas, Maine, Michigan, Minnesota, North Dakota, Oregon, Rhode Island, West Virginia and Wisconsin.

Notes:

* Cuban

1. Act 774 of 1983 changed method to lethal injection, with clause allowing those already under death penalty the option.
2. As of July 1, 1983, legislation was signed making lethal injection the method of execution.
3. Capital punishment statute reenacted in November 1982; to date no one has been sentenced to death and method is undetermined.
4. Lethal injection made an option 1983.
5. Increased efforts by Attorney General's office have been made to speed up appeals process and set execution dates.
6. As of Nov., 1982, sentenced prisoners are taken out of general population and put into Administrative Maximum Custody.
7. Manner of execution is in accordance with laws of State in which Federal sentence is imposed. The sole offense for which capital punishment is available is Aircraft Piracy, 49 U.S.C. 1472 (i). S. 1765 would amend Federal criminal laws to provide procedures to utilize the death penalty for other offenses, such as homicide, where it is now authorized but cannot be used because of procedural inadequacies.

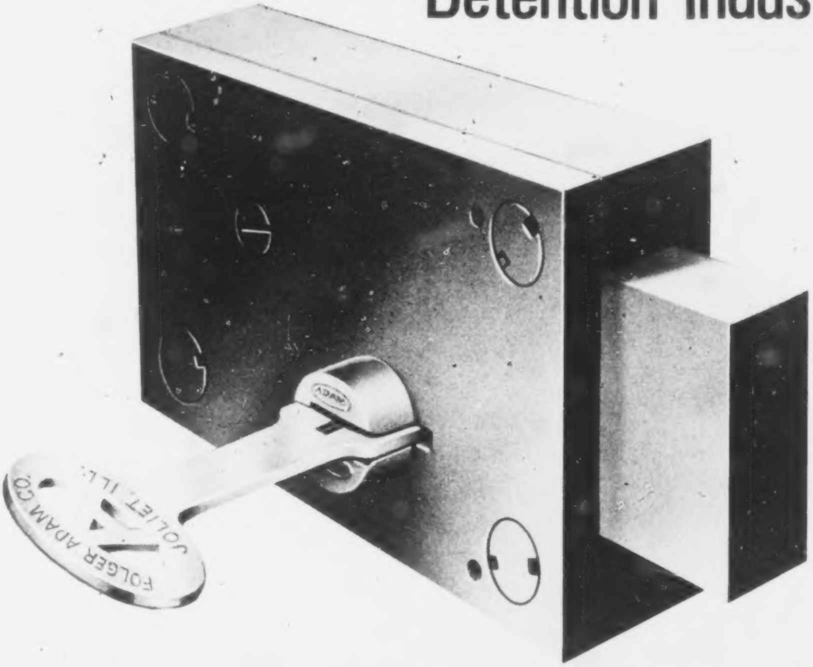
The Most Pick-Resistant Lock in the Detention Industry



80-6 HIGH SECURITY DEADLOCK

The 80-6 Lock is especially designed for doors that require high-security protection, such as control rooms, armories, pharmacies, evidence storage, control cabinets and key cabinets. This lock is also recommended for use as a mechanical override in electrically operated devices.

Exclusive grooving in the cylinder keyway prevents all other keys from fitting or being modified to work the lock. Duplication of keys for the 80-6 Lock is extremely difficult because there are six lever tumblers and eight random-depth key cuts. The possibility of an inmate producing a workable homemade key is very remote.

Outside dimensions of this new lock are the same as others in Folger Adam's standard 80-Series Locks, which simplifies the replacement and upgrading of locks in the field.

Write or call our sales department for further information.

ORGANIZATION AND ADMINISTRATION

In Alabama adult institutions come under the ***Department of Corrections;*** *juvenile institutions come under the* ***Department of Youth Services.***

The State Board of Pardons and Paroles *paroles adults and provides a statewide system for adult probation and parole services.*

Release dates for juveniles are determined by the Juvenile Court having original jurisdiction over them. The Court also provides probation and parole services for them along with those provided by the State (probation only). There is no parole board for juveniles.

ADULT INSTITUTIONS

Persons of the age 16 or over who are convicted of a felony are committed to the ***State Board of Corrections*** *for a minimum sentence of one year and one day. Youthful offenders (under the Youthful Offender Act) are also committed to the* ***State Board.***

JUVENILE INSTITUTIONS

The Department of Youth Services was set up to provide complete responsibility for the juvenile training schools. It is independent of other state agencies and its Director reports to an 18-member Board which is appointed by the Governor.

The Department provides consultative services for community-based programs and helps establish standards and licensing procedures for these programs and their personnel. It also establishes standards for certification of probation officers and subsidizes County Probation Departments so that, in this way, juvenile probation is provided by the State financially (50%) and by the Counties (actual manpower).

PROVEN PERFORMANCE

IN DETENTION EQUIPMENT

SINCE 1900

The Full Resource Capability Required For A Changing Society.

Since the turn of the century, Roanoke Iron and Bridge Works has been a pioneer in the manufacture of detention equipment and accessories. In that time, the company has grown in size and scope rapidly, keeping us in step with the increasing complexities of modern-day detention center policies and technology.

Through extensive research and careful planning, the company continues to study the changing needs of detention and correctional services within the framework of a changing society. A total dedication to innovative design meshed with proven dependability enables us to offer superior equipment and accurate architectural assistance. Our engineers regularly consult professional administrators of detention facilities, providing us with a first-hand source of contemporary detention equipment needs and trends.

ARKANSAS

ORGANIZATION AND ADMINISTRATION

*The **Arkansas State Penitentiary Board** was established by Act 1 of 1943. Act 50 of 1968 reorganized the State Penitentiary. Through this legislation, two major boards were established: the **Arkansas Board of Correction** and the **Arkansas Board of Pardons and Paroles**. The Board of Correction has general supervisory power and control over the Department and performs all functions with respect to the management and control of the adult correctional institutions of the state.*

*The Director is aided by three Assistant Directors to more effectively manage the various operations of the Department: **Institutional Services, Field Services,** and **Health and Correctional Programs.***

*Juvenile institutions and services are the responsibility of the **Department of Human Services, Division of Youth Services.** Juvenile services and the juvenile parole board also come under the jurisdiction of this Department. State statutes define parole eligibility of offenders by termer status.*

*The **Board of Pardon and Paroles** is an independent board reporting only to the Governor. Field services are under the authority of the **Department of Correction.***

JUVENILE INSTITUTIONS AND SERVICES

*The **Division of Youth Services** is a state agency vested with the responsibility of providing comprehensive services to all youth under age 18 who are adjudicated delinquents, juveniles-in-need of supervision (status offenders) and youth-at-risk (youth who exhibit behavior that is likely to result in contact with the juvenile justice system). These services are available through a statewide system of contracted community-based programs and through two minimum security **Youth Services Centers** and one secure **Intensive Treatment Unit.***

*The goal of the **Division** is to provide a statewide system of services for youth which will be made available in the least restrictive environment and will aim to reduce and/or prevent the occurrence or recurrence of delinquent behavior and institutionalization. The **Division** has contracts with fourteen (14) community-based programs to provide diagnosis and evaluation services, individual and family counseling, and substitute care and casework for youth within their own environment.*

PROBATION SERVICES

Probation services are provided by the counties for both adults and juveniles. The cities are serviced by the counties in which they are located.

COLORADO

ORGANIZATION AND ADMINISTRATION

*In 1977, the **State Department of Corrections** was formed, retaining the same sentencing system. In 1983, Four modular units representing an additional 186 beds were installed to relieve overcrowding.*

The State Board of Parole,** now part of the **Department of Corrections,** grants paroles to adults only. Parole supervision is administered through the **Division of Community Services.

*Adult and juvenile probation services are a function of the **Colorado Judicial Department.***

ADULT INSTITUTIONS

*Commitments (of the age 16 or above) to the **Department of Corrections** are adjudicated in adult court as felons or misdemeanants and sentenced to a definite term having a fixed minimum and fixed maximum sentence. Sex offenders may be sentenced to an indeterminate term of from one day to life.*

Loretta Wise, Deputy Administrator — Phone: (303) 294-0861

Enacted in 1957 and assigned to Division of Youth Services in 1967, this program coordinates juvenile compact matters with departments and agencies of all states, coordinates transportation and movement of juveniles, and serves as liaison with contractees for institutional treatment of delinquent youth from other states.

State-subsidized Juvenile Diversion, 4255 South Knox Court, Denver 80236
Richard Stewart, Program Director — Phone: (303) 761-5966

Since July 1976, the General Assembly has subsidized juvenile diversion programs. Funding is based on 75% state and 25% local contribution. Each program funded is responsible for demonstrating that clients served would otherwise be involved in the juvenile justice system and that recidivism has been measurably reduced. The programs provide immediate community access to short-and long-term diversion services for juveniles referred by the justice system.

DIVISION OF COMMUNITY RELEASE

340 Capitol Avenue, Hartford 06106-1494
Telephone: (203) 566-3495
John P. Waters, Chief, Community Release Programs

According to Departmental regulations, those offenders who are within one year of their earliest release date, parole, or expiration of sentence are eligible to apply for community release consideration. There are 27 institutions conducting community release programs (including work release and educational release programs) under the supervision of this Division. These include five units in the Department of Correction and 22 units outside the Department of Correction (halfway house-type units).

ADULT PAROLE BOARD

*The **Board of Parole** is an autonomous agency (assisted administratively by the Department of Correction) which consists of 11 members, including the Chairman, appointed by the Governor with the consent of either the House of Representatives or the Senate. The Chairman serves full-time, the other members serve part-time.*

The Chairman assigns members to panels composed of three members (including himself) for each correctional institution. These panels are the paroling authority. The panels make release, revocation, and rescission decisions on all individuals serving indeterminate sentences committed prior to July 1, 1981. Effective July 1, 1981, all prison terms are determinate, and these individuals will not be eligible for parole.

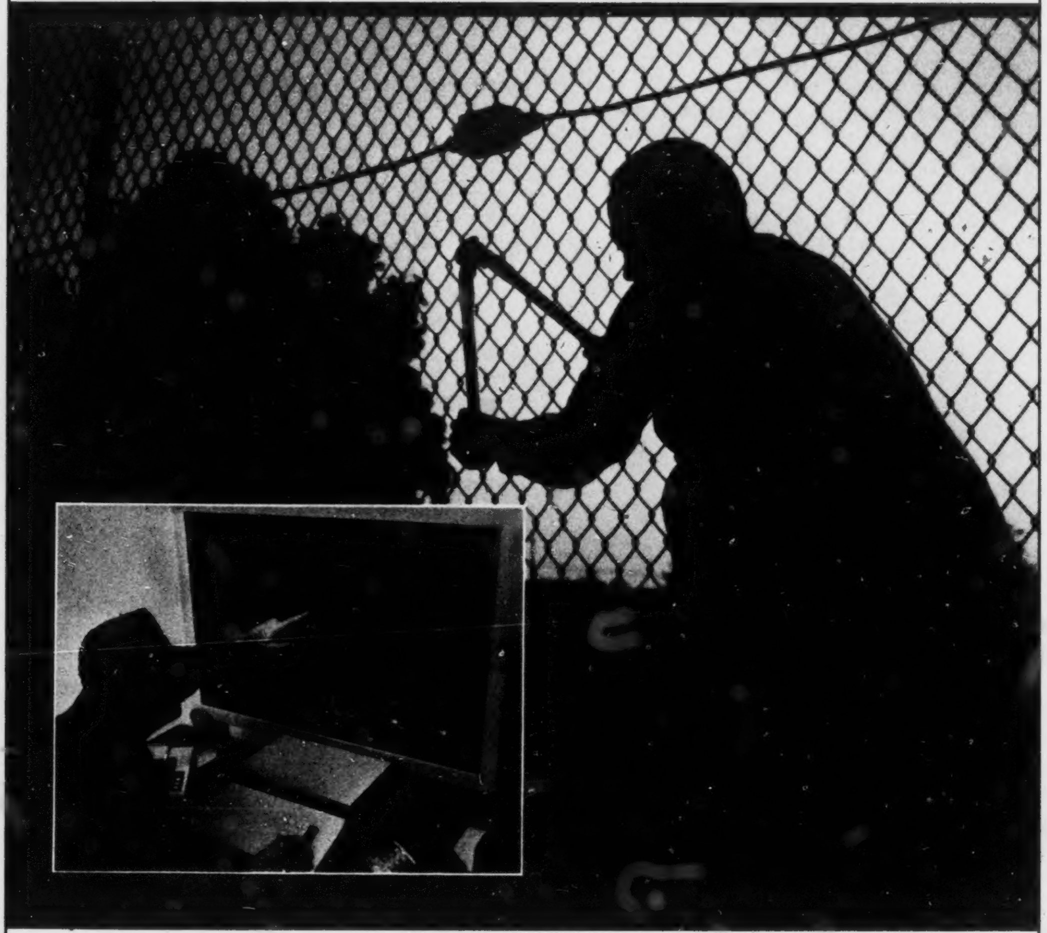
Del Norte Perimeter Systems show you what's happening and where, instantly.



The new Del Norte map annunciator system combined with the CIRCE or SP 2000 alarm processor gives you total perimeter control.

The system uses seismic geophone sensors — either fence-mounted or underground — and/or infrared beams to detect possible intruders or breakouts. The display and monitor system provides visual and printed records on all alarm information.

And the map displays come in both wall-mounted and remote mobile units for full versatility.

Call or write for details on Del Norte perimeter systems. Let us show you what's happening with the latest from Del Norte.

ORGANIZATION AND ADMINISTRATION

*Under the **Department of Offender Rehabilitation**, the **Facilities Division** is responsible for adult offender institutions and transitional centers (work release, pre-release, and adjustment centers), and the **Probation Division** provides services on the state and county level (field supervision, Probation/Restitution/Diversion Centers).*

*The **Board of Pardons and Parole** is an independent agency which reviews adult parole cases and provides field parole supervision. It is also the only state agency vested with the power to grant clemency.*

*Under the **Department of Human Resources' Division of Youth Services**, juvenile institutions and probation and parole services are provided (State supervises, but services are administered on a local level). While there is no juvenile parole board, juveniles committing minor offenses are reviewed by a Divisional Committee; those committing major offenses are reviewed by the Board of Human Resources.*

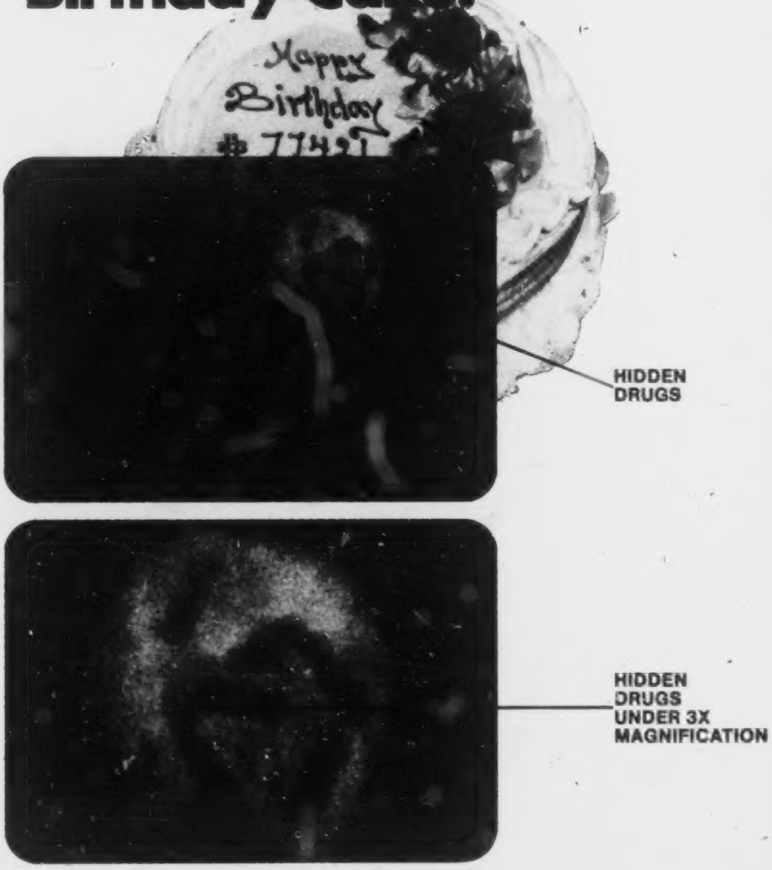
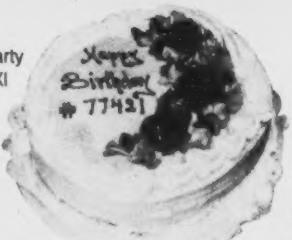
Shows you the "Bennies" in 77421's Birthday Cake.





There'll be no high times at 77421's birthday party tonight. That's because the Philips Dynafluor XI spotted the "bennies" in his birthday cake.

It'll also show "snow" in a shopping bag or "mary jane" in the mail. Fact is, any drug that can be injected, popped, smoked or snorted can be seen by this revolutionary, low-dose X-ray inspection system.

The Dynafluor XI is the *only* low-dose X-ray system with dual magnification and adjustable contrast for drug spotting capability. A handy joy stick allows you to scan the entire image, and a simple turn of the stick provides added magnification that'll make a nickel bag stand out like a 10 pound sack.

Dynafluor brings the best of both worlds to X-ray inspection. The Dynafluor XI images handguns, knives, files and other potential threats, and the choice of magnification and/or variable contrast allows you to spot concealed drugs. You get low dosage, ideal penetration and optimum contrast for nondestructive inspection of the broadest variety of items from mail to foodstuffs.

Let the Philips Dynafluor XI help you stop drugs from infiltrating your institution. Call or write for a demonstration or a copy of our informative brochure.

ADULT INSTITUTIONS

Adult offenders who are convicted of a felony are committed to the institutions under the Department of Corrections for an indeterminate sentence (no minimum).

15 to 1 You'll Taste The Tropics: Nicholson's 15 to 1 Presweetened Piña Colada

Another first for The H.R. Nicholson Co.

Another big strike for quality and economy. Now The H.R. Nicholson Co. introduces the latest addition to its 15 to 1 menu of beverage bases. A Pina Colada that is a perfect blend of pineapple and coconut. With all the marvelous ease and economy of Nicholson's 15 to 1. Provides the minimum daily USRDA Vitamin-C requirement in every 6 ounce serving. Just mix 15 parts cold water with 1 part base, dissolves instantly. And the price per serving puts you on the sunny side of your budget. Write for a sample without obligation. Have a taste of the tropics.

OTHER 15 TO 1 CHOICES: Orange, Grape, Cherry, Lemon, Lemon'n Lime, Strawberry, Root Beer, Pineapple, Peach, Apple, Fruit Punch. And pre-sweetened Tea.

JUVENILE INSTITUTIONS

Original jurisdiction in juvenile cases is at the District (Magistrate) Court level. These courts cannot commit directly to an institution, but commit instead to the ***Department of Health and Welfare,*** *with or without a recommendation for placement. The* ***Department*** *may place children in the Youth Services Center, a community-based Group Home, foster homes, or provide supervision in the parental home. A child is subject to juvenile law up to age 18 with no minimum sentence, and jurisdiction of the Department may continue up to his 21st birthday. The present Idaho law does not distinguish between "status" offenses, and those which would be crimes if committed by an adult.*

ADULT INSTITUTIONS

Adult (over 17 years) felons (sentences of one year or more) are committed to the adult institutions of the Department of Corrections. As of July, 1983, misdemeanants (those with a sentence of less than one year) may not be sentenced to the Department.

Sentences for crimes committed prior to February 1, 1978 were indeterminate sentences. Newly prescribed penalties are determinate sentences, followed by periods of mandatory supervised release for from one to three years, depending on the classes of offenses. Conversion of remaining indeterminate sentences to definite release dates is done by the ***Prisoner Review Board.***

PRISONER REVIEW BOARD (FT)

Successor to the Parole and Pardon Board, the Board is comprised of ten members appointed by the Governor with the advice and consent of the Senate to staggered six year terms. It has parole jurisdiction over adults and juveniles. Most offenders serving indeterminate sentences are eligible for release date offers by the Board in the event they are denied parole. Release dates may be rejected by the offenders in favor of continued parole eligibility.

ADULT PROBATION DEPARTMENT

Circuit Court of Cook County

Under the auspices of the Chief Judge of the Circuit Court, this department administers probation services as they relate to the Circuit Court of Cook County. It is governed by the Probation Act of Chapter 38 of the Illinois Revised Statutes.

The department supervises approximately 25,808 probation cases; 806 are other state cases via an interstate compact. Of these cases, 88% are men and 12% are women.

The Chief Probation Officer and Deputy Chief Probation Officers receive full-time appointments by the Chief Judge of the Circuit Court of Cook County. The Chief Probation Officer is responsible for planning and coordinating the work of all subordinate probation officers under his jurisdiction who are subject to regulation that may be adopted by the Circuit Court; the Deputy Chief is responsible for controlling and operationalizing the directives from the Chief Probation Officer via line officers.

PROBATION AND PAROLE SERVICES

Adult and juvenile parolees are supervised by the ***Parole Services Section.***

Probation services for both adults and juveniles are administered at the county level under the supervision of the ***Judicial Conference of Indiana,*** *an organization consisting of all of the state's full-time judges. The Department of Corrections has no supervisory or administrative authority for probation effective January 1, 1981.*

PROBATION SERVICES

Probation officers are county employees directly supervised and employed by the presiding judge in the community. ***Judical Conference of Indiana*** *has responsibility for administering the examination for prospective probation officers, and for conducting educational and training programs for probation officers.*

The State Court Administrator *collects and maintains probation data.*

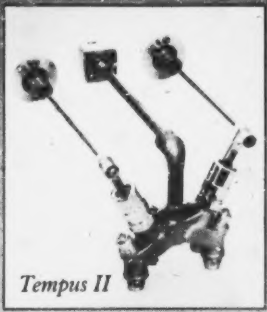
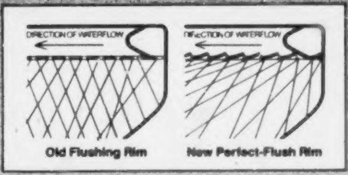
[illegible] MEETS THE EYE

When you look at our stainless steel Securityware™ fixtures, your first impression is of tough, durable, easy to maintain, attractive institutional fixtures. But the real advantages can't be seen from the outside. These fixtures are worth a closer look.

The new patented **TEMPUS II** vandal-resistant valve sets new standards in metering valves. It is fully adjustable from 2 seconds to 3 minutes or over and works on a very wide range of water pressures. Tempus II is a unique push button system that generates cost savings by reducing water consumption. The Tempus II will provide year after year of trouble-free operation and controlled water usage.



Tempus II



Another innovation is the **PERFECT-FLUSH** toilet rim. It creates a virtual 100% dispersion of water on the bowl wall for more complete flush cleaning.

The Tempus II valve and Perfect-Flush rim, unique innovations in Stainless Steel Securityware from Metcraft and Arista Newman where continuing research keeps making good ideas, even better.

REINFORCED MELAMINE SERVING WARE

Tough, dependable, economical . . . that's the entire Halsey line of reinforced melamine serving ware. Halsey combines rugged, high-impact materials with expert molding techniques for quality serving ware that keeps your hot foods hot and your cold foods cold. Chopped cotton cloth strengthens the basic materials for extra impact resistance and excellent thermal insulating properties.

Food service accessories take a lot of punishment. Our high-gloss surface resists stains . . . even cigarette burns! The result? Serving ware that stays both sanitary and attractive. These products are designed for compact, quiet stacking for room air drying and less disturbing clatter. Your choice of green or tan color provides variety. All Halsey products meet Federal specifications and are stocked for all Federal agencies by the General Services Administration. Items may also be ordered directly from:

ADULT PAROLE AUTHORITY (FT)

The Kansas Adult Authority is a five-member Board appointed by the Governor to four year terms. The board meets full-time to review cases for adult offenders, hold initial hearings, public and institutional (closed) parole hearings, investigate clemency applications and discharge parolees. The ***Secretary of Corrections****, Community Field Services, provides supervision for parolees.*

Keith R. Henley, Vice-Chairman
Members: Alfredo R. Calvillo, Ph.D., Benjamin H. Day, Carrol Mills, Ph.D.

ADULT PROBATION AND PAROLE SERVICE

There are currently no probation cases under supervision because of legislation which transferred the probation function to the Kansas District Courts. The Department of Corrections staff presently supervise only parolees and Interstate Compact cases.

JUVENILE INSTITUTIONS

Youth between the ages of 13 and 18 who have been adjudged juvenile offenders, may be committed by the juvenile division of a District Court to the Secretary of the ***Department of Social and Rehabilitation Services*** *or directly to a youth center. Status offenders are not eligible. Commitments are all to age 21 or until the superintendent of the institution finds the youth "fully reformed". The superintendent of the institution may release at any time without getting approval of court or other body.*

JUVENILE PROBATION AND PAROLE

Juvenile probation services are provided by Court Services of the juvenile division of the District Courts.

Condition Release Supervision (parole) is a function of the Department of Social and Rehabilitation Services in cooperation with the Courts. The Superintendent of the institution to which a youth is admitted determines the release date for that individual. Paroles are administered by the counties through area offices of Social and Rehabilitation Services.

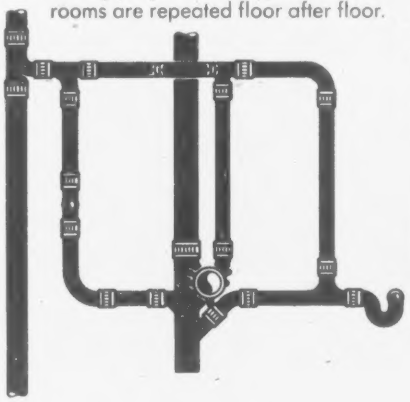
SEND US YOUR FLOOR PLANS AND WE'LL SHOW YOU HOW TO SAVE A THIRD OF YOUR NEXT DWV INSTALLATION.

RufWalls are made for hotels, motels, apartments, condominiums, nursing homes, jails, military barracks, hospitals (anywhere people spend the night). If you've got such a job coming up, send us your floor plans. We'll tailor a RufWall® system to your specs and have the rough-in drawings back in your hands in one to three weeks. And it won't cost you a dime!

This unique, unconventional system can save you a third or more on materials and installation on any project where typical bathrooms are repeated floor after floor.



RufWall simplifies installation. And eliminates the need for dropped ceilings.

Complicated plumbing and tight places are no problem, either. Because RufWall units can be assembled in your shop. Then delivered in bulk and installed with a minimum amount of labor.

In fact, all you have to do is set the assembled unit in place, install the stacks and you're finished.

So if you're designing a conventional project with typical bathrooms, send us your drawing showing where the fixtures go. And we'll send you a RufWall solution—one that can save a bundle.

Mail your plans to Manley Hendricks, Tyler Pipe, Box 2027, Tyler, Texas 75710. Telex 73-5410.

JUVENILE SERVICES

The Division of Youth Services (under the Office of Human Development in the Department of Health and Human Resources) handles all juvenile services with the exception of those services provided by the independent probation departments within the State and commitments to the Department of Corrections.

The Division administers three primary service delivery programs. Field Services (Juvenile Probation and After Care supervision), Community Services (juvenile court intake, delinquency prvention and community development) and Institutional Services (placement, monitoring and supervision of juveniles in non-state facilities, group homes, shelter care programs, etc.)

There is no juvenile parole board per se. The committing judge sets the release date for those juveniles entering the Department of Corrections' Training Schools.

MAINE

ORGANIZATION AND ADMINISTRATION

(Effective September 18, 1981, the Maine Bureau of Corrections became independent of the Department of Mental Health and Corrections.)

The Department of Corrections administers the State correctional system and is responsible for three institutions plus the Division of Probation and Parole, which provides field services to five Probation-Parole districts in Maine and also supervises all persons released on parole, and the Division of Intake Services which works with Law Enforcement and the Judiciary in the juvenile area.

The Parole Board reviews all adult cases of parole for people sentenced under the old Criminal Code. Those sentenced under the new Criminal Code which became effective May 1, 1976 have flat sentences and no parole. The Parole Board also acts in all adult cases of parole and acts in an advisory capacity in juvenile cases.

This is an autonomous correctional facility which specializes in the treatment and rehabilitation of selected adult offenders under Article 31B of the Maryland Code. It is separate from those institutions administered by the Division of Correction but is within the Department of Public Safety and Correctional Services.

The Patuxent Institution has its own paroling authority which is known as the Institutional Board of Review.

ADULT PAROLE BOARD

The State Parole Commission consists of seven full-time, paid members whose jurisdiction extends to local city and county jails. Members of the Commission are appointed by the Secretary of Public Safety and Correctional Services with the approval of the Governor and advice and consent of the Senate. The appointments shall be made without regard to political affiliation. Each member shall be a resident of the State and shall have training and experience in law, sociology, psychology, psychiatry, education, social work or criminology. The Commission is responsible for granting parole, reviewing requests for warrants for alleged parole violation, recommending executive clemency requests to the Governor, and evaluating parolees' performance when on parole.

JUVENILE SERVICES

Juvenile Institutions, Intake, Probation, and Aftercare (parole) services all come under the jurisdiction of the State ***Department of Health and Mental Hygiene's Juvenile Services Administration.*** *All children under the age of 18 who are committed by the Courts are sent to the following institutions for indeterminate sentences. At the time of commitment, the Juvenile Services Administration assigns an Aftercare Worker to the case. It is his job to prepare the community for the child's return as well as help the institution prepare the child for eventual release back into the community. The date of release is determined by the institutional staff and the Aftercare Worker who together make their recommendation to the courts for final approval.*

ADULT PAROLE BOARD/PAROLE SERVICES ★

The Massachusetts Parole Board is an independent agency within, but not subject to, the State Department of Corrections. The Chairman is the executive and administrative head of the agency and is responsible to the Secretary of Human Services. The Board also serves as the Advisory Board of Pardons for the Governor.

The Parole Board is responsible for the granting and revocation of parole for all commitments to state prison, reformatory and houses of correction serving a sentence of 60 days or more from either Superior or District Court. Parole Board members are appointed by the Governor and serve five year terms.

Parole supervision is provided by a field staff under the direction of the Chief Parole Supervisor. Parole officers are responsible to an Area Supervisor who reports to the Chief Parole Supervisor.

With our record, we were bound to end up in jail.

It wasn't easy to get in, either.

We were up against forty major architectural and engineering firms from all over the country. The prize: the new Dade County Stockade.

The problem: how to design one of the largest such facilities in the world on a human scale; so as to enable the residents to retain a sense of individuality and community.

Harper & Buzinec's solution was to reduce this 1,000 bed facility to manageable communities of 48. Utilizing creative engineering, we produced a highly unusual, yet highly functional structure that even before it is finished, has been widely heralded as a prototype for institutions of this kind.

It is this type of original, insightful thinking that has won for Harper & Buzinec some of the most highly sought architectural assignments in Florida and elsewhere—including the Dade County Stockade.

Our ability to relate to each project in an innovative way, to understand the unique requirements of each of our clients, has proved itself time and again.

We've achieved a remarkable record in a relatively brief span of years. We're proud of our many successes thus far and are eager to attest anew to the extent of our talent and commitment.

For an appointment to discuss your building plans, please contact our President, David Harper, at 305/448-2178. 250 Bird Road, Coral Gables, Florida, 33146 and 1351 E. Lafayette Street, Tallahassee, Florida 32301. 904/878-8643.

JUVENILE PROBATION AND PAROLE

The administration of the Juvenile Probation System falls within the purview of the State, the Court Administrator and the County levels of government. The Office of Children and Youth Services of the State Department of Social Services is required to provide consultation and assistance to juvenile probation workers.

In all counties, juvenile courts are divisions of probate courts and have exclusive original jurisdiction over delinquent children and concurrent jurisdiction over neglected and dependent children under 17. Minors who have committed felony crimes after their 15th birthday may be waived to adult court (circuit) for trial.

ORGANIZATION AND ADMINISTRATION

Both the adult and juvenile State correctional institutions come under the jurisdiction of the Department of Corrections. Felons with sentences of more than one year are committed to the Commissioner of Corrections. Juveniles adjudicated delinquent may be committed to the Commissioner of Corrections and incarcerated in state institutions.

The Commissioner of Corrections has responsibility for parole and supervised release of convicted felons. These duties were formerly performed by the Minnesota Corrections Board until its legislative abolishment on June 30, 1982. The Board of Pardons consists of the Governor, Attorney General and the Chief Justice of the Supreme Court.

ADULT PAROLE AND SUPERVISED RELEASE

The Commissioner of Corrections has responsibility for parole and supervised release. With the exception of the parole of inmates with life sentences, the Commissioner delegates this authority to the ***Office of Adult Release.*** *The Office of Adult Release consists of the Executive Officer of Adult Release and three department staff who are assigned part-time to assist the executive officer. An advisory panel composed of department employees advises the Commissioner regarding inmates with life sentences. Parole and supervised release duties were formerly performed by the Minnesota Corrections Board which was legislatively abolished on June 30, 1982.*

ADULT AND JUVENILE PAROLE, SUPERVISED RELEASE AND PROBATION SERVICES

Probation, Parole and Supervised Release is handled by a state and county system in different manners: Those counties under the Community Corrections Act provide probation, parole and supervised release services. In the remaining counties the county provides probation and parole services for juveniles and the state provides probation, parole and supervised release services for adults.

YORK PLUS HOFFMAN'S

the Double Way to Fitness!

Official Supplier of Weightlifting Equipment to the 1984 Olympic Games

Over 50 years ago, Bob Hoffman discovered a dynamic partnership. It was then, as a champion athlete and later as U.S. Olympic coach, that he noted the dual importance of proper nutrition *and* training equipment to superior physical performance. In the years since, he has developed a *unified* approach to physical fitness with the products of his own York Barbell Co. and Hoffman's Foods.

Now in the 1980s, the York Barbell Olympic set is the only United States-produced barbell recognized by the International Weightlifting Federation for use in international and Olympic Games competitions.

Now in the 1980s, only Hoffman's Food Products offer the nutrition conscious purchaser its unique range of protein supplements, nutritional aids, beverages and natural snack foods.

NEBRASKA

ORGANIZATION AND ADMINISTRATION

*The **Department of Correctional Services** is responsible for adult and juvenile correctional institutions, and adult and juvenile parole services (**Parole Administration** office). The Director of Correctional Services reports to the Governor.*

*The **Board of Parole** is the paroling authority for adults. Juveniles are released on parole at the discretion of the Superintendents of the correctional institutions.*

*The **Board of Pardons** (which the Board of Parole reports to) grants pardons and commutations.*

Probation is a function of the state, counties and cities.

INSTITUTIONS

*In Nebraska, any person convicted of a felony is committed to the **Department of Correctional Services**. Statutorily, there is no minimum sentence nor minimum age since juvenile corrections falls within the administrative framework of the Department. However, anyone committed to the Adult Division who is under 16 years of age must be isolated from the adult population.*

NEW JERSEY

ORGANIZATION AND ADMINISTRATION

The New Jersey Department of Corrections, formerly a division in a large Department, was created November 1, 1976 through legislation. It has four divisions: ***Adult Correctional Institutions, Juvenile Services, Policy Planning and Administration;*** *18 bureaus, 11 correctional institutions, with thirteen satellite units; four residential group centers, a readjustment unit located in the Vroom Building of the Trenton Psychiatric Hospital, five community treatment centers for juveniles in the metropolitan areas of the State, and one adult community service center for eligible inmates within nine months of parole or expiration of maximum sentence.*

The ***Department of Corrections*** *is responsible for all of the State's correctional instiitutions and their satellites; supervision of community-based programs, including parolees, on a State-wide basis; inspection of county and municipal detention facilities; the operation of State Use Industries, which manufactures, distributes and stores support items for various institutions; and extensive rehabilitation programs.*

The ***State Parole Board*** *is appointed by and responsible to the Governor. The Board is the paroling authority for all offenders committed as adults, young adults or juveniles in the state.*

Adult and juvenile probation services *are part of a state-wide judicial system under the control and direction of the Chief Justice and the Supreme Court.*

ECSI's simple approach to your complex security problems

ECSI designs and manufactures people oriented monitoring and control systems that are easy to operate and easy to maintain.

ECSI Security Systems have been designed for the modern correctional facility to afford a "normative" yet secure environment for resident and staff.

ECSI Security Systems incorporates microprocessor based window monitoring, door access control, patrol tour, card access, duress alarms, personal body alarm, intercom, public address/monitoring, roof perimeter infrared detection, CCTV surveillance and data storage. The system can be interfaced with smoke, fire detection, elevator control, energy management, and emergency lighting systems to provide "on-hand" operational ability for your line officers and management team.

ECSI provides the design support, fabrication, installation and service, affording you the most complete and effective security system available to meet your specific needs in today's modern correctional facility. To learn just how simple a really secure facility can be, call (201) 751-7100, or write ECSI, 250 Mill Street, Belleville, NJ 07109.

COMMUNITY SERVICE CENTERS

The Community Service Centers are a pre-release concept designed to ease the re-entry of the released, adult offender into the community. Houses not more than 50 for a period of about four months. Residents will be either working on a regular full time job or attending school or vocational training. Residents will be eligible for admission into the program who have achieved minimum custody status in the institution, who meet stipulated admission criteria and who are within seven months of release to parole or termination of sentence.

ADULT PAROLE BOARDS

The State Parole Board, is a full-time Board composed of a Chairman and six Associate Members appointed by the Governor with the advice and consent of the Senate. The Board is comprised of a panel for adult, young adult and juvenile cases. The members are further paired to hear County Jail cases.

Each panel consists of two Associate Members with the Chairman sitting as the third member of each panel. The Board is the paroling authority for all offenders committed as adults, young adults or juveniles in the state and County Jail inmates with terms in excess of 60 days. The Board also investigates and advises the Governor on all applications for Executive Clemency.

ADULT INSTITUTIONS

*Adult offenders, 18 and over (except 15 year olds who have committed murder and 16 year olds who are convicted of other violent felonies), who have been convicted of a felony are committed to the **Corrections Department** where they must serve a minimum sentence of six months at one of the following institutions. Misdemeanants and felons may be placed on probation by the court with the Corrections Department supervising them.*

In some cases, the judge may decide to send an adult offender to an institution for a 60-day diagnostic evaluation commitment. After the evaluation is made, the judge makes a decision to sentence or place on probation.

Having trouble holding the lid on food service costs?

Try these food service management techniques: Develop a menu cycle. Write and test standard recipes. Establish purchasing specifications. Set up perpetual inventory and stock rotation systems. Evaluate the delivery system for hidden costs. Plan daily food preparation to minimize waste. Establish a cost accounting system. Supervise daily operations to assure cost containment.

Or, talk to the corrections food service specialists at Szabo Food Service Company. We use all these techniques—and more—to help institutions across the country hold the line on budgets. Call or write Vice President W. John McGinnis for details.

NEW YORK STATE EXECUTIVE DEPARTMENT

DIVISION OF PROBATION

The basic mission of the State **Division of Probation** *is to assist local probation departments in providing efficient and cost effective probation services through Rule, financial support, direct services, training, data collection and general supervision in three functional areas: intake/diversion, investigation/reports and supervision.*

The **State Probation Commission** *advises and consults with the State Director of Probation in the formulation of policies relating to probation throughout the state.*

As reconstituted by Chapter 695 of the Laws of 1971 and amended by Chapter 496, Laws of 1972, the **State Probation Commission** *consists of the State Director of Probation, who is chairman, and six other members selected as follows: three appointed by the Governor from among persons who, as members of the community, have demonstrated an interest and involvement in the field of probation; two appointed by the Governor from among probation administrators and probation officers actually employed in the field of probation; and the Chief Administrator of the unified court system. Members do not receive any compensation for their services; those appointed by the Governor serve at the pleasure of the Governor.*

The New York City Department of Correction functions in a dual capacity as both a pre-trial and a post-sentence agency. Persons over 16 years of age may be incarcerated as detention or sentenced cases. Sentenced cases, classified as misdemeanants, serve up to one year (minimum one day). The Department also performs a civil function by holding cases answerable to civil courts of the City of New York.

ORGANIZATION AND ADMINISTRATION

Adult correctional institutions and services are provided by the ***Department of Correction*** *a supra-agency composed of two divisions. The* ***Division of Prisons*** *is responsible for adult institutions (divided into geographic areas) and facilities for youthful offenders (18-21) and for juveniles who are tried as adults and assigned to the Division's* ***Youth Services Complex.*** *The* ***Division of Adult Probation and Parole*** *is responsible for the supervision of all adult probationers and parolees.*

Juvenile institutions are operated by the ***Department of Human Resources' Division of Youth Services.***

Juvenile probation and aftercare are provided by the ***Juvenile Services Division*** *of the* ***Administrative Office*** *of the* ***Courts.***

The ***Parole Commission*** *is the paroling authority for adult offenders. It is funded by the* ***Department of Correction*** *but reports only to the Governor.*

A juvenile is released from an institution at the discretion of the staff of the institution. There is no juvenile parole board as such.

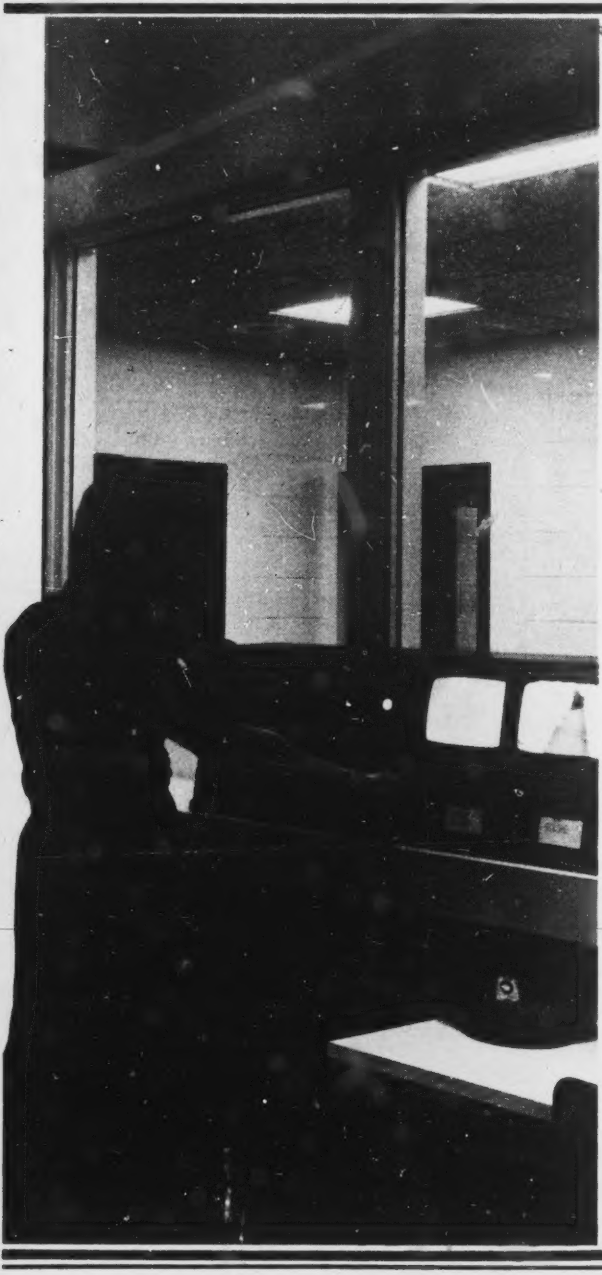
ADULT INSTITUTIONS

A male misdemeanant who is tried as an adult and who receives a minimum sentence of 181 days is committed to the ***Department of Correction.*** *Male misdemeanants with minimum sentences of less than 181 days may be committed to the Department if local facilities are not available. Male felons, tried as adults, may be committed to the Department without any regard as to sentence length. Female offenders must be at least 16 years old and have received a minimum sentence of six months.*

Other conditions under which an individual may be committed to the Department are: 1) persons awaiting trial or appellate review, and 2) individuals who are committed for up to 90 days for pre-sentence diagnostic evaluation. The ***Department of Correction*** *may also receive persons suffering from active tuberculosis who refuse treatment. (They are released when certified non-contagious.)*

SECUR-TEM® IS WORKING 24 HOURS A DAY IN OVER 200 CORRECTIONAL FACILITIES



Between 1977 and 1981 over 55 correctional facilities chose Secur-Lite®X and Secur-Tem® products for their glazing materials. Since 1981 that figure has tripled. Why?

- Single Responsibility Program since 1977.
- Physical attack resistance up to 30 minutes in 5-ply products.
- 2200°F flame resistance for over 1 hour prior to glass attack.
- Cuts cost of glazing by 1/2 to 2/3 when compared to glass-clad polycarbonate.
- 5 year warranty.

Call today for our Secur-Tem® brochure, 1984 Sweets catalog, product test reports and ½" video program of on-site attack testing.

Of the 81 facilities in North Carolina, 68 are managed through 6 Area Offices, centrally located within 6 geographic areas of the State.

Three geographic areas are managed by the Western Area Manager and 3 are managed by the Eastern Area Manager. All adult male misdemeanants and felons sentenced to 5 years or less are received at a unit designated as the Reception/Diagnostic Center. At this center the inmate is evaluated and classified for assignment to a designated unit within the area for the completion of an appropriate correctional program.

Minimum custody youthful offenders between the ages of 18-21 are separated from the adult population in 10 specially designated youthful offender facilities.

The Odom/Caledonia Complex encompasses 2 institutions and a field unit.

Lattie Baker, Chief

Youthful offenders under the age of 21, who are tried and sentenced as adults, are committed to the Division of Prisons and are segregated from the rest of the male prison population by being placed in the Youth Services Complex. Within the Complex the population is further divided. The 18 to 21 population is separated from those under 18. The 18 to 21 medium custody felons are assigned to Folk, Harnett and Morrison Youth Centers. 18 to 21 year old minimum custody felons and misdemeanants are assigned to either Sandhills Youth Center or youthful offender units within the Geographic Command. Under 18 minimum custody felons and misdemeanants are assigned to Western Correctional Center, Burke or Richard T. Fountain Youth Centers.

ADULT INSTITUTIONS

A person convicted of a felony under Ohio law may be sentenced to a penal institution. Ohio statutes divide male penal institutions into two categories—reformatories and penitentiaries. Male persons, except those convicted of first or second degree murder, between the ages of twenty-one and thirty years of age may be sentenced to a reformatory, if such persons have not been known previously to have served a sentence in a federal, state or other prison or correctional institution, and are persons whom the sentencing court deems amenable to reformatory methods. Males between the ages of eighteen and twenty-one years, other than those convicted of first or second degree murder, must be sentenced to reformatories unless such males have previously served a sentence in a federal or state prison or correctional institution for conviction of a felony. All other males sentenced to a state penal institution are sent to a penitentiary.

Ohio operates only one facility for women; all women convicted of a felony and sentenced to a penal institution are sent to the Ohio Reformatory for Women.

ADULT PAROLE BOARD AND SERVICES

The Parole Board of the Adult Parole Authority within the Division of Parole and Community Services has parole authority over adult felons. In addition to the nine full-time paid members, seven Hearing Officers expand the functions of the Parole Board.

The Ohio Parole Board can release felons from adult institutions on "shock parole" after six months confinement, provided the offense was not murder or aggravated murder, a felony of the first degree, and anyone serving a sentence of actual incarceration. Inmates who complete one-third of their minimum sentences before their first parole hearings may be eligible for educational and vocational furlough. Inmates are also eligible for regular parole after serving the minimum sentence less time for good behavior.

ADULT PROBATION

The Adult Parole Authority may exercise general supervision over all probation officers in the state, including those appointed in County Probation Departments and those appointed by police and municipal judges. The Adult Parole Authority provides services for local common pleas courts on a contract basis. (See above listing)

Eligible felons may be released from adult institutions on "shock probation" by the common pleas judge of the sentencing county.

All parolees and selected probationers referred by the common pleas courts are supervised by the officers of the Adult Parole Authority.

JUVENILE INSTITUTIONS

To be placed into the custody of the Department of Youth Services, a juvenile offender must be committed by a county juvenile court for an offense which would be a Felony I, II, III, IV, or a capital offense if committed by an adult. Upon commitment, a youth is placed in the appropriate Department of Youth Services' institution based on criteria established regarding the youth's age, type of committing offense, and home county. All youth who are committed to DYS may, at the discretion of the Department, be institutionalized to age 21, although very few actually are. There are minimum periods of institutionalization for committed youth as follows: Murder or aggravated murder, until the youth reaches 21 years of age; felonies of the first and second degree - one year; and felonies of the third and fourth degree - six months. It should be noted that many youth are released before the "minimum" period, however, through a statutory process which requires approval of the committing court.

JUVENILE PROBATION AND PAROLE

*Probation of juveniles is administered by probation officers who are appointed by a Juvenile Court Judge. The Judge may transfer the duties of probation to County Probation Departments but at no time may a juvenile case be handled by an officer from the Adult Division. The **Office of Subsidies** within the **Department of Youth Services** administers a program of state aid to juvenile courts.*

In all but two counties, the Juvenile Court is within the Division of Domestic Relations of the Court of Common Pleas. Cuyahoga County has an independent juvenile court, and the Hamilton County juvenile court is a separate division of that county's Court of Common Pleas. All juvenile courts have exclusive original jurisdiction over delinquent, neglected, and "unruly" children under 18 and over physically handicapped children up to age 21.

OKLAHOMA

ORGANIZATION AND ADMINISTRATION

The Department of Corrections consists of five divisions. The Division of Institutions, the Division of Community Corrections, Division of Probation and Parole, Division of Administration and the Division of Programs and Services. The Director operates under the authority of the Oklahoma Board of Corrections.

Juveniles are handled by the Department of Human Services (institutions and parole). Juvenile probation services are usually provided at the local level however the Department of Human Services arranges supervision of some smaller counties. The Department of Human Services was formerly the Department of Institutions, Social and Rehabilitative Services.

ORGANIZATION AND ADMINISTRATION

Under the Department of Human Resources, the Corrections Division is responsible for adult correctional institutions and, through its Field Services Section, a system of closely-supervised leaves (furloughs) permissible during last 180 days preceding parole or discharge, probation and parole.

The paroling authority for adults is the Board of Parole, an independent agency responsible only to the Governor.

There is no juvenile parole board. The release date for juveniles is determined by a team of institution and juvenile parole staff.

Juvenile probation services are provided by the counties.

JUVENILE PROBATION AND PAROLE SERVICES

Probation is a function of the individual county juvenile courts. Parole decisions are made jointly by institution and State juvenile field staff. Field supervision is provided by State personnel.

JUVENILE PAROLE

Office of Juvenile Corrections and Community Services

Jess Armas, Assistant Administrator

PENNSYLVANIA

ORGANIZATION AND ADMINISTRATION

*Adult institutions come under the jurisdiction of the **Bureau of Correction**, a part of the Office of General Counsel. The Commissioner of Corrections reports to the General Counsel. Adult parole cases are reviewed by the State **Board of Probation and Parole**. The Board also supervises adult probationers and parolees whose sentences are two years or more. **County Probation Departments** supervise adult cases paroled by County Courts (sentence less than two years.)*

*Juvenile institutions come under the jurisdiction of the State **Department of Public Welfare's Office of Children and Youth**. Juvenile probation is a function of the counties and their probation officers. There are no institutional juvenile parole boards; the Juvenile Court has complete and original jurisdiction over juvenile offenders. The **Juvenile Court Judges Commission** provides advisory services to the courts and county probation departments regarding administration and program content for juveniles.*

ADULT INSTITUTIONS

Those convicted in adult criminal court and receiving maximum sentences of from two to five years may, at the discretion of the court, be sent to a State Correctional Diagnostic and Classification Center for classification and transfer within the state system. Adult criminal convictions receiving five years or more must be sent to a State Correctional Diagnostic and Classification Center. Where Regional Correctional Facilities are available, counties within that region may send all individuals receiving sentences of six months to two years to the Regional Facility.

Parole eligibility occurs at the end of the minimum sentence which may not exceed one-half of the maximum sentence. For certain violent crimes, a mandatory five-year minimum sentence is required. All other cases are sentenced under 1982 sentencing guidelines which require the courts to justify any deviations.

Youthful offenders are adult criminal commitments, but because of age (15 to 21 years) are maintained at the State Correctional Institution at Camp Hill. Their sentences are statutorily established at indeterminate to six years unless the maximum for the offense is less than six years, in which case the sentence is indeterminate to the statutory maximum for that offense.

CRIMINAL JUSTICE SERVICES

WE PLAN CORRECTIONAL SYSTEMS & FACILITIES

Every project begins with an assessment of the total system (policies, programs, facilities) and a projection of future requirements. Through this process, our clients can be confident that plans are sound and decisions are the right ones.

WE DESIGN CORRECTIONAL FACILITIES

In designing a correctional facility, a balance must be achieved between a series of competing requirements. A safe environment must be designed with a level of security which enhances rather than hampers the program intent and effectiveness of the facility.

WE MANAGE CORRECTIONAL PROJECTS

The correctional services of Vitetta Group are designed to meet the demanding needs of today's criminal justice system. Our team of skilled and experienced professionals will help you as you face the challenges of these times.

HOW CAN WE HELP YOU?

Vitetta Group's project management services assure the efficient, orderly and professional coordination of the wide range of specialized participants in a correctional construction project. It guarantees a successful conclusion to a project in which substantial effort has been invested in planning and design.

ADULT PAROLE AND PROBATION

*The **Board of Probation and Parole** is a five member, full time, independent state agency, responsible to the Governor. The State Board is responsible for parole action and supervision of all adult offenders receiving a sentence of two years or more. Offenders sentenced to a maximum of less than two years are paroled by county courts and supervised by **County Probation Departments.***

*The **Board** is responsible, by State Statute, for establishing uniform state-wide standards for county adult probation services. It also administers a State Grant-in-Aid Program to counties for the improvement of county adult probation services.*

The city and county of Philadelphia are coterminous.

*The **Board of Probation and Parole** also has authority to supervise probation cases and offenders sentenced to confinement with a maximum of less than two years when paroled and referred to the Board by the County Courts. The State Board has only supervision authority in these special probation and parole cases; County courts retain authority to revoke, terminate, or other judicial actions.*

★ BOARD OF PROBATION AND PAROLE (FT)

The Board consists of five full-time members, appointed by the Governor with the consent of a majority of the Senate members, to serve staggered, renewable six-year terms. Board members are prohibited from engaging in any other employment or political activity.

JUVENILE PROBATION AND PAROLE

*Within the context of the Juvenile Court Act, the State provides institutions for juveniles but the Counties handle juvenile services, i.e., probation aftercare (the term parole is not used.) The **Juvenile Court Judges' Commission** is responsible for advising juvenile courts concerning the proper care and maintenance of delinquent children; establishing standards governing the administrative practices and judicial procedures used in juvenile courts; examining personnel practices and employment standards used in probation offices; collecting, compiling and publishing juvenile court statistics; and administering a grant-in-aid program to improve county juvenile probation services. Commission staff also provide training for juvenile probation officers through the Commonwealth and has initiated a Master's Program in Juvenile Justice that will be available to Commonwealth juvenile probation officers who meet academic requirements.*

The Commission is comprised of nine Juvenile Court judges appointed by the Governor.

HALF THE COST. HALF THE TIME.

The Illinois Department of Corrections built this 54-man work camp in six months for $400,000—less than half the cost and in less than half the time of a conventional building.

It is formed from modular units built and installed by Modulaire Industries. It is completely self-contained with dormitories, kitchen, dining and recreation areas and visitor center.

The facility demonstrates how Modulaire prefab systems can solve the twin problems of crowded prisons and restricted budgets.

There is no sacrifice in quality. Modulaire units fully comply with all state and local codes, and can be customized and equipped to meet any purpose and any level of amenity including staff housing.

Modulaire modular building systems offer maximum savings in minimum security situations. Let us show you the figures. Write or call for detailed information. 744 Montgomery Street, San Francisco, CA 94111 415/433-2323.

SOUTH CAROLINA

ORGANIZATION AND ADMINISTRATION

Adult corrections at the state level in South Carolina is handled by two agencies, the South Carolina ***Department of Corrections*** *and the South Carolina* ***Department of Parole and Community Corrections.*** *All convicted adult offenders, age 17 and above, and sentenced to serve a specific term of incarceration greater than three months are admitted to the* ***Department of Corrections.*** *Adult offenders between the ages of 17 and 21 (extended to 25 with individual consent) can be sentenced to serve an indeterminate term of one to six years under the Youthful Offender Act. These individuals may also be admitted to the* ***Department of Corrections*** *and supervised by its* ***Youthful Offender Branch.***

The ***Department of Corrections*** *is responsible to the* ***State Board of Corrections*** *which serves as an advisory board. This board has seven members, six of which are appointed by the Governor, who is the ex-officio member.*

Department of Corrections' inmates serving a straight sentence are eligible for parole by the ***Department of Parole and Community Corrections,*** *a separate agency. For individuals serving an indeterminate sentence under the Youthful Offender Act, the* ***Department of Corrections' Youthful Offender Branch*** *will be responsible for their parole decision and supervision.*

The ***Department of Parole and Community Corrections*** *handles adult offenders on probation or parole, excluding those who have served an indeterminate sentence under the Youthful Offender Act. The* ***Department of Parole and Community Corrections,*** *the State agency which provides adult probation and parole services, is responsible to the six-member* ***Parole and Community Corrections Board.*** *The six part-time members are appointed by the Governor.*

The ***Department of Youth Services*** *is charged with the responsibility of providing statewide community based and institutional services related to juvenile delinquency. The agency was created on October 1, 1981, through the merger of the former Department of Youth Services and the Department of Juvenile Placement and Aftercare.*

The ***Department of Youth Services*** *is governed by a six-member board appointed by the Governor with the advice and consent of the Senate for five year terms. In addition, the State Superintendent of Education serves as a voting member and the Supervising Chaplain of the Department serves as a non-voting ex officio member of the Board.*

A ten member ***Juvenile Parole Board,*** *also appointed by the Governor with the advice and consent of the Senate, acts as the paroling authority to determine the release of children committed by the Family Court to the agency's correctional facilities. The Parole Board also conducts hearings to determine revocations of releases for parole violations. Staff support for the Board is provided through the Parole Division of the Department under the guidance of the Commissioner.*

ADULT INSTITUTIONS

Adult institutions housing offenders serving more than a three month sentence or an indeterminate sentence under the Youthful Offender Act fall within the jurisdiction of the ***Department of Corrections.*** *Responsibility for direct supervision of these institutions is divided among three regional administrators who report to the* ***Assistant Deputy Commissioner for Operations.*** *Because of overcrowded conditions, some state inmates are housed in designated local facilities, as provided for by legislation. Local facilities to house State inmates are designated, in most cases, for a period of one year and may be renewed by mutual agreement of the Department of Corrections and local officials. The office of the* ***Assistant Deputy Commissioner for Operations,*** *is responsible for coordinating the operations for placing State inmates in designated local facilities. At the end of FY 1983, there were 58 local facilities designated to house State inmates. The average number of Department of Corrections inmates held in these facilities during FY 1983 was 558.*

NATIONAL SECURITY CORPORATION OFFERS YOU CONTEMPORARY, COST EFFECTIVE STRUCTURAL SECURITY SYSTEMS FEATURING GE LEXGARD LAMINATES

For well over a decade, **National Security Corporation** has been designing, manufacturing and installing forced entry and bullet-resisting structural security systems. By offering a wide range of monolithic materials as well as laminated component systems, National can provide you with a variety of functional yet attractive structures able to withstand varying degrees of ballistic or physical attack.

Whether new construction or renovation, National can supply standard items or custom fabricated products to meet your specifications and the level of security required by your facility.

Excellent clarity, light transmission, ease of fabrication and durability make GE LEXGARD bullet-resisting laminates particularly well suited to today's modern detention facilities. They outperform glass and acrylics by providing superb weather and mar-resistance. LEXGARD LAMINATES offer the architect the freedom to design an aesthetically pleasing, humane environment with no sacrifice to the safety and security of both staff and inmates.

National Security Corporation is a full service company with a track record of innovative design, proven performance and dependability. In the area of corrections—we are particularly sensitive to your concerns regarding scheduling and budget considerations. Our staff of design engineers are available to work with you on a consulting basis or we will assume single source responsibility for your structural security needs from planning through installation.

ADULT PAROLE BOARD

PROBATION AND PAROLE SERVICES

The Parole and Community Corrections Board is composed of seven members. The members serve for six years until their respective successors are appointed and qualified. Six of the seven members are appointed by the Governor, with consent of the Senate, one from each of the congressional districts, with one member-at large. Board members are part-time.

The Board grants pardons and oversees the operation of the ***Department of Parole and Community Corrections.***

PAROLE AND COMMUNITY CORRECTIONS BOARD (PT)

*The **Parole and Community Corrections Board** acts as agent of the Court in supervising those placed on probation and establishes a means of release of an offender from imprisonment to serve the remainder of his sentence under the specific rules of parole.*

*The **Department of Parole and Community Corrections** acts as agent of the Court and Board in supervising those placed on probation and parole and establishes alternative means/programs to imprisonment for the non-violent offender in the community under the specific rules of the Court and Board.*

Restoration of citizenship by pardon is vested in the authority of this Board. Restoring a person to a productive life and preventing his recidivism is a rewarding process and true goal of this agency.

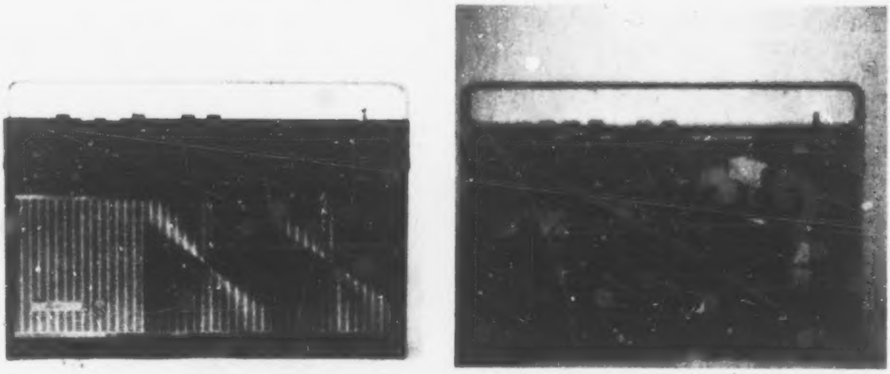
Just an ordinary portable radio ... right?



wrong!

Things aren't always what they appear to be. It's easy to be wrong about what's inside unless you can see inside. The gun concealed in this radio could have been successfully smuggled into a secured area if the screening was left solely to visual inspection of incoming items. By getting the inside story with a Scanray Model Torrex II X-ray Inspection System, however, such attempts fail. The Torrex II is capable of greater penetration than any other unit available today. And you view the objects actual size — not reduced or distorted. A vivid image of all details is seen easily and quickly as is evidenced by the above x-ray view shown in this actual unretouched photograph. To do a thorough job of security screening you have to see more than meets the eye and that's where we can help. Contact us for more details.

JUVENILE AFTERCARE

The release date for a juvenile is determined by the various Juvenile Court Judges based on recommendations made by the Directors of the juvenile institution and the Assistant Commissioner of Youth Services. There is no juvenile parole board.

TEXAS

ORGANIZATION AND ADMINISTRATION

The Department of Corrections operates adult institutions, and the Texas Youth Council operates juvenile institutions. Each has its own Board to which it reports.

*The **Board of Pardons and Paroles** is an independent agency which paroles adults. Under the Board, the **Division of Parole Supervision** is responsible for providing parole services—investigation and supervision—to the adult parolees.*

Supervision of juveniles on parole is by the Texas Youth Council's Community Services Division.

Probation is a function of the counties for both adults and juveniles.

ADULT INSTITUTIONS

*All sane individuals 17 years of age or older, who are convicted of a felony, may be committed to the **Department of Corrections**. Also, juvenile offenders between the ages of 15 and 17 legally certified judicially may be tried as an adult and committed to the Department.*

ORGANIZATION AND ADMINISTRATION

*The **Division of Corrections**, operates the state adult correctional institution, **Field Operations Office** and **Community Correctional Centers**. The **Division of Youth Corrections** operates the state juvenile institution and provides supervision of its releasees; the Superintendent of the facility determines the release date. Also, under the Division of Youth Corrections, **Detention Centers** are provided by the State as holdover facilities or for long-term care of youth offenders. (These centers and facilities are financed (50%) by the State but administratively operated by the counties.) Group Homes are used as an alternative to the Youth Development Center for children not requiring secure custody.*

*The **Board of Pardons and Parole**, the paroling authority for adults, reports to the **Board of Corrections.***

*Juvenile parole services are provided by the **Division of Youth Corrections**. The sole releasing authority for juvenile offenders is the **Youth Paroling Authority** appointed by the **Board of Youth Corrections.***

Juvenile probation services are provided by probation officers under the juvenile courts.

CELL
CHECK

a correctional facility electronic security system from Simplex

From years of experience, we understand your concerns about reliability, operational flexibility, service and perhaps more than anything else today - your responsibility to protect your guard force and facility population.

CELL CHECK responds to those concerns with -

- Alarm Control
- Fire/Life Safety
- Emergency Communications
- Cell Control
- Access Management
- Guard Tour Supervision/ Reporting

CELL CHECK offers solutions to correctional facility electronic security problems. For example, CELL CHECK'S exclusive, interval timed guard tour program provides hardcopy printout each time your guard checks into a tour station. The program automatically triggers an alarm if the time interval between stations is too long or out of sequence - An important feature for liability protection.

So, check into CELL CHECK and GO SIMPLEX SAFE.

ADULT PAROLE BOARD

The Board of Pardons and Parole is a three member full-time board having full parole, pardon and commutation authority over all sentenced prisoners. The function is to determine when and under what conditions release from confinement or retaking of parole shall occur. Board members serve six, four and two year terms, and are appointed by the Board of Corrections. Although administratively placed within the Department of Corrections, the Board's decision-making authority is autonomous and uninfluenced.

JUVENILE SERVICES

AGENCY OF HUMAN SERVICES

DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES

All juveniles are the responsibility of the Department of Social and Rehabilitation Services whose Commissioner reports to the Secretary of Human Services. Juvenile Services is the direct responsibility of the Director of Social Services. This responsibility includes the care of adjudicated unmanageables as well as delinquent youth. Vermont does not have a state operated central facility; community placements are used for juveniles.

SENSORED?

SENTRAX™

is a covert terrain-following security sensor with. . .

- Low false alarm rate
- High probability of detection
- Cost effective to install and maintain
- High reliability and failsafe operation
- Modular design/site adaptable
- Integration of complementary sensors
- Secure power and data distribution

SENTRAX is a modular perimeter intrusion detection system. It is designed to address the complete security needs of both long and short perimeters. The buried line sensor provides a very high probability of detecting humans under a wide range of environmental conditions with a low false and nuisance alarm rate.

WASHINGTON

ORGANIZATION AND ADMINISTRATION

The Department of Corrections operates the adult correctional institutions and administers adult probation and parole services. The Bureau of Juvenile Rehabilitation of the Department of Social and Health Services provides for juvenile institutions and parole services. Juvenile probation services are provided by each county at the local level.

The Board of Prison Terms and Paroles is an independent agency reporting only to the Governor. The Board reviews only the cases of adult felons. There is no juvenile parole board. The release date for juveniles is determined by the Bureau of Juvenile Rehabilitation.

ADULT INSTITUTIONS

Anyone convicted of a felony by a superior court judge is committed to an institution under the Department of Corrections. This may include a juvenile remanded by a juvenile court to be handled as an adult. In a case such as this, if the juvenile is under 16, he may not be housed with adult felons and is therefore transferred to a juvenile institution by agreement of the Secretary of the Department of Corrections.

what's so special about this telephone?

everything when it comes to
communications & emergency alert

Rauland TELECENTER provides instant 2-way communications between administrators and guard stations. It monitors cells or cell blocks on a selective basis. It provides visual and audible alert in emergency situations: the Administrative telephone readout flashes and indicates the emergency location; a repetitive tone sounds the alert; at the push of a single button the administrator communicates instantly with the calling station.

GRAPHIC DISPLAY AVAILABLE

The entire layout of your facility may be viewed on a graphic display panel which indicates sources of incoming calls. This is one of a number of desirable options designed specifically for correctional security. A Telecenter Specialist in your area is ready to survey your facility and recommend the proper system for your needs. Write or call for full information.

JUVENILE INSTITUTIONS AND PAROLE SERVICES

The Division of Juvenile Rehabilitation works with youth between the ages of eight and 18 who are committed to it by the county juvenile courts. Since July 1, 1977, juvenile courts can only commit delinquent youth to the Division; before July 1977, the courts were also committing dependent incorrigibles.

Beginning July 1, 1978, release dates were established utilizing a minimum and maximum. These ranges have to be approved by the legislature.

ORGANIZATION AND ADMINISTRATION

*The **Board of Charities and Reform** is a constitutional board fully responsible for the management of penal institutions (or community based correction programs) and human service institutions. The Board is comprised of five elected officials: **Governor, Secretary of State, Auditor, Treasurer and Supervisor of Public Instruction.** The **Executive Secretary** of the Board oversees all Board matters while the **State Corrections' Administrator** assists him in penal matters.*

*The **Department of Probation and Parole,** an independent agency reporting only to the Governor, provides a state-wide system of probation and parole services for both adults and juveniles. There are exceptions to this state system as several cities and counties have juvenile counselors who act under authority of county or municipal courts.*

*The paroling authority for adults is vested in the **Parole Board.** The Board is also responsible for recommending commutations to the Governor and controls Good Time Awards.*

*Juveniles are discharged or released to **Parole** by the Board upon staff recommendations under an indeterminate sentencing structure.*

Optimum
security

A couple
of lightweights
from a
heavyweight champion.

Buchmin Gard-Lite GCP and Resist-Lite GCP prove that optimum security doesn't have to be heavy. Both laminates have a special feature that gives them increased impact and bullet resistance at a much lighter weight than you might expect.

The special feature? A superior type of assembly that "sandwiches" a piece of high-strength polycarbonate between plies of glass, all bonded together by high-performance interlayers, thus the term Glass-Clad Polycarbonate.

Both are also available in colors and **bent form**, and like many other Buchmin products, Gard-Lite and Resist-Lite GCP offer significant sound control advantages.

Buchmin Gard-Lite GCP and Resist-Lite GCP...lightweights you need in your corner.

Remedial education program in cooperation with the Department of Education. Provocational training in a community living environment for Juvenile Hall clients and other youth who are on probation.

On January, 1978, Guam implemented the ***Deinstitutionalization of Status Offenders Program*** *which reduced the average population from the high 20's to 10-12 average. The average length of stay for non-status offenders is 14 days. The population fluctuates and varies from week to week. The return rate averages 6 contacts. One client may have been in and out of the detention 16 times, each time for a new offense or technical violation. New offenders may be deferred and not detained. Presently, most detentions are for those who have already been in detention at least two (2) times. Many clients are released on "bail" to continue with the adjudication process while under court condition. Detention is now a last resort, with emphasis on diversion.*

UNITED STATES DEPARTMENT OF JUSTICE

FEDERAL INSTITUTIONS

The Federal Bureau of Prisons, established on May 14, 1930 by an Act of Congress, is assigned the responsibility for "the safe-keeping, care, protection, instruction, and discipline of all persons charged or convicted of offenses against the United States."

To carry out its responsibilities, the Bureau has a correctional network of 43 correctional institutions ranging from penitentiaries to prison camps . The administration of these facilities is divided into five regions with regional directors headquartered in Atlanta, Dallas, Kansas City, Philadelphia, and San Francisco. Functions such as case management, health and drug abuse programs, education, vocational training and correctional services are delegated to these regions and the individual institutions with coordination and oversight carried out in the Central Office.

Who guards the guardians?

Correctional institutions require state-of-the-art security equipment to monitor their facilities. Vindicator is proud that its Microplex® monitoring systems are repeatedly chosen to protect correctional facilities with the most demanding security requirements. Microplex integrated systems regularly monitor and control hundreds of alarms including intrusion, fire and CCTV.

Vindicator's Microplex systems have set the standard for quality in the security industry. Microplex systems are being used at major military installations, hospitals, banks, refineries, museums and industries of all kinds, in a wide variety of applications—wherever people are serious about security.

We have Microplex systems to meet requirements of all sizes. Please call us and let us review your security needs.

DEPARTMENT OF THE AIR FORCE

AIR FORCE OFFICE OF SECURITY POLICE, (AFOSP)

3320th Correction and Rehabilitation Squadron
Lowry Air Force Base, Colorado 80230
Lieutenant Colonel Warren E. Miller, Commander
Telephone: (303) 370-3287

MISSION: Rehabilitate selected court-martialed offenders to return them to duty. Provide correctional services for court-martialed offenders at Lowry Confinement Facility, Ft. Lewis, and Ft. Leavenworth.

REHABILITATION PROGRAM: Established at Amarillo Air Force Base, Texas in 1952 under Congressional mandate. Relocated at Lowry Air Force Base, Colorado in 1967. Processed over 15,000 court-martialed airmen, Estimate 2.65 out of 1000 Air Force members will be court-martialed in 1983 vs 3.65 in 1982. Less than 10% of those court-martialed volunteer and are accepted for rehabilitation. Of those accepted for rehabilitation, approximately 50% are returned to duty each year. Follow-up surveys show 92% of those returned to duty are rated as average, above average, or outstanding in overall performance.
Chief, Rehabilitation: Major Walter Scott, Jr. (303) 370-3137

CORRECTION PROGRAM: Due to Quality Force initiatives and longer sentences, prisoner populations have expanded dramatically (1982 up 37% over 1981). Prisoner inputs to 3320CRS confinement facilities were 537 in 1982.

LOWRY CONFINEMENT FACILITY: Confines up to 51 males prisoners with sentences from 90 days to one year. Rehabilitation for prisoners is provided through Life Skills program and through full on-base employment. MED
Correctional Officer: Captain Lonnie Kelly (303) 370-3566

DET 1, UNITED STATES DISCIPLINARY BARRACKS, FT. LEAVENWORTH, KS.: Under interservice support agreement with Army, confines up to 175 male and female prisoners with sentences of at least a year and a day. Rehabilitation for return to civilian life is provided through industrial programs, 7th Step, Jaycees, college courses, drug/alcohol training, and various specialized counseling opportunities. MAX
CMDR: Major Gary Gant (913) 684-5577

DET 2, FT. LEWIS, WASHINGTON: Under interservice support agreement with the Army, confines up to 125 male and female prisoners with sentences from 90 days to one year. Rehabilitation for return to civilian life is provided through the Life Skills program and the Work Release programs at Ft. Lewis and McChord AFB. MED
CMDR: Captain William Fauver (206) 967-5723

PROGRAM EVALUATION: Plans, develops, and coordinates activities to evaluate the effectiveness and value of the correction and rehabilitation program elements. Prepares research papers, studies, and reports. Liaison for interservice inquiries.
Chief, Program Evaluation: Anne T. King, PhD (303) 370-4167

The average Air Force prisoner population is 700. In addition to the above confinement facilities, the Air Force operates 16 regional and 84 installation detention facilities.

NATIONAL PAROLE BOARD

ORGANIZATION AND ADMINISTRATION

The National Parole Board grants or denies conditional releases to those inmates under sentence of imprisonment in federal penitentiaries or provincial jails in those provinces where there is no provincial Parole Board. It is an independent body reporting to Parliament through the Ministry of the Solicitor General.

The Board consists of 26 members appointed by the Governor-in-Council for a period of up to ten years. All members may be reappointed. The head office is in Ottawa, though divisions of two or more members may be established. There are five such divisions, one in each major geographical region of the country, namely, the Atlantic, Quebec, Ontario, the Prairies and the North West Territories, and the British Columbia and Yukon regions. Regional Offices are managed by one Regional Executive Officer in each region with support staff.

BRITISH COLUMBIA

ORGANIZATION AND ADMINISTRATION

*The **Corrections Branch** of **Ministry of the Attorney General** is responsible for an integrated system of services for adult and juvenile offenders which includes community supervision, custody services, court assistance, and community-based programs. With respect to incarceration of adults, provincial jurisdiction includes only those sentenced to less than two years in prison. The **Corrections Branch** also is the responsible government agency for conciliation and mediation services related to marital separation and for reports for the courts regarding custody and access to children.*

*The Branch is headed by the Commissioner, who is responsible to the Attorney General. Reporting directly to the Commissioner are five **Regional Directors of Corrections,** each responsible for the range of correctional services in their area, and the Deputy Commissioner. The Deputy Commissioner is responsible for a variety of management and operations support groups, including **Resource Analysis, Program Analysis and Evaluation, Data Systems, Religious Programs, Provincial Classification, Staff Development, Medical Services** and **Psychological Services.** The Deputy Commissioner assumes responsibility for the Branch in the Commissioner's absence. The **Director of Inspection and Standards** and the **Director of Information Services,** report directly to the Commissioner.*

British Columbia has its own Parole Board, whose jurisdiction for parole decision making encompasses all inmates incarcerated in provincial correctional centres. The Board is responsible to the Attorney General and administratively reports to the Commissioner of Corrections.

ADULT AND JUVENILE FACILITIES BY REGION

The capacities of the Regional Centres range from 25 to 440 . Capacities at Forest Camps range from 40 to 50 depending on the type of program at the camp. Community Correctional Centres, which are attended under the authority of the **Temporary Absence Program** *for work or educational release, range in capacity from 15 to 25. The average daily adult provincial count is approximately 2,000, with admissions to the system in the course of the year reaching 12,000.*

Levels of security range from locked tiers and supervised control of all inmate movement to passes to attend work in the community from a community correctional centre. Programs offered throughout the province include shop work, forestry and farm work, wilderness survival training, regular employment and educational upgrading in local communities.

Community Services staff number in excess of 600 at over 86 locations and include Probation Officers (including parole supervision), Bail Supervisors, Probation Interviewers, and Family Court Counsellors. The Branch operates seven Youth Detention, Attendance or Containment Centres. The average number of admissions to the Community Service system during a twelve month period is approximately 20,000.

NORTHWEST TERRITORIES

ORGANIZATION AND ADMINISTRATION

Both adult and juvenile corrections services are provided by the ***Department of Social Services*** *which is divided into two separate branches—****Health****, and* ***Social Services****. Responsibility for corrections falls under the Social Services Branch. Correctional services are integrated with other social services and social workers within the Branch support all service areas.*

Within the ***Department of Social Services****, the Chief of Corrections is responsible for all adult institutions and community programs, including probation. Juvenile offenders (persons under the age of 16) come under the responsibility of the* ***Superintendent of Child Welfare.***

Regional Superintendents are responsible for supervising social service workers in the five regions of the Northwest Territories. Departmental social workers perform a wide range of duties on behalf of the Department of Social Services including probation, parole, and after-care supervision services.

Central administration and support services are provided through the Department of Social Services to all component departments.

NOVA SCOTIA

ORGANIZATION AND ADMINISTRATION

The Correctional Services Division, under the ***Department of the Attorney General,*** *is responsible for the preparation of pre-sentence reports and supervision of adults (16 years and over) coming before courts in the Province. They are also responsible for inspecting the various institutions and correctional centers in Nova Scotia.*

Children are generally committed to the training schools of the ***Department of Social Services*** *as a result of a finding of delinquency under the Juvenile Delinquents Act, although, in rare instances, children may be committed for a violation of specific sections of the Children's Services Act. Legislation provides for the commitment of children prior to their 16th birthday for an indefinite period, up to a maximum of three years.*

Probation and aftercare (parole) for juvenile offenders are administered by the Department of Social Services with staff located either in the Regional or District Office of the Department, or in the ***Family Court,*** *which is also the responsibility of the Department.*

PRINCE EDWARD ISLAND

ORGANIZATION AND ADMINISTRATION

The jails in Prince Edward Island accept remand and sentenced prisoners, both male and female, of the age 16 and over, regardless of the offense. In addition, the jails act as lock-ups for all police forces in the Province. A separate area is set aside in each jail for the holding of juveniles of the ***Department of Social Services*** *while they are awaiting transfer to a detention home outside the Province. Juveniles or females are seldom held in custody.*

PROVINCIAL INSTITUTIONS

In Quebec, there are 37 bureaus of Probation and 30 houses of Detention among which five are principal centers because of their size and specific vocation. Institutions other than the principal centers are mainly used as trial wards or for those inmates with short sentences. Their populations range from 17 to 81 adults daily, depending on the size of the prisons and their location.

DEPARTMENT OF SOCIAL AFFAIRS

By virtue of the passage in 1971 of the blueprint law "An Act respecting health services and social services", the province of Quebec was divided into nine (9) socio-sanitary regions within which were grouped all the establishments offering services to children with behavioral problems. As is stipulated in the Act, such establishments are called rehabilitation centers; these centers "admit persons suffering from a. . .psychological or social handicap who require intensive rehabilitation or orientation for a limited period of time."

The admittance of children to these reception centers, the respect for their rights, the type of program their state requires, the conditions for providing care in a top security environment are all regulated by the Youth Protection Act which was sanctioned in December, 1977.

JUVENILE PROBATION SERVICES

Persons who come before the Court are dealt with pursuant to the Juvenile Delinquents Act (Canada). Juveniles on probation by court order are counselled individually and/or with their families and/or in a group, on a regular basis. A community work program is also in operation to fulfill that aspect of court orders.

PERSONAL LOCATOR

THE AMERICAN
CORRECTIONAL ASSOCIATION
ORGANIZATION 1984

Code of Ethics

AMERICAN CORRECTIONAL ASSOCIATION

The American Correctional Association expects of its members unfailing honesty, respect for the dignity and individuality of human beings, and a commitment to professional and compassionate service. To this end we subscribe to the following principles.

Relationships with clients/colleagues/other professions/the public—

- Members will respect and protect the civil and legal rights of all clients.
- Members will serve each case with appropriate concern for the client's welfare and with no purpose of personal gain.
- Relationships with colleagues will be of such character to promote mutual respect within the profession and improvement of its quality of service.
- Statements critical of colleagues or their agencies will be made only as these are verifiable and constructive in purpose.
- Members will respect the importance of all elements of the criminal justice system and cultivate a professional cooperation with each segment.
- Subject to the client's rights of privacy, members will respect the public's right to know, and will share information with the public with openness and candor.
- Members will respect and protect the right of the public to be safeguarded from criminal activity.

Professional conduct/practices—

- No member will use his or her official position to secure special privileges or advantages.
- No member, while acting in an official capacity, will allow personal interest to impair objectivity in the performance of duty.
- No member will use his or her official position to promote any partisan political purposes.
- No member will accept any gift or favor of such nature to imply an obligation that is inconsistent with the free and objective exercise of professional responsibilities.
- In any public statement, members will clearly distinguish between those that are personal views and those that are statements and positions on behalf of an agency.
- Members will be diligent in their responsibility to record and make available for review any and all case information which could contribute to sound decisions affecting a client or the public safety.
- Each member will report, without reservation, any corrupt or unethical behavior which could affect either a client or the integrity of the organization.
- Members will not discriminate against any client, employee, or prospective employee on the basis of race, sex, creed, or national origin.
- Members will maintain the integrity of private information; they will neither seek personal data beyond that needed to perform their responsibilities, nor reveal case information to anyone not having proper professional use for such.
- Any member who is responsible for agency personnel actions will make all appointments, promotions, or dismissals only on the basis of merit and not in furtherance of partisan political interests.

AMERICAN CORRECTIONAL ASSOCIATION RESEARCH PROJECTS

CLASSIFICATION SYSTEMS FOR FEMALE OFFENDERS

Charlotte A. Nesbitt, Program Manager

Because women account for only 4% of our total inmate population, the subject of classification for female offenders has received little in-depth treatment even though the number of incarcerated females is on the rise (up 11% from 1981 to midyear 1982.) The goal of this project, which is being funded by the National Institute of Corrections, is to produce a manual that will assist practitioners nationwide in developing classification systems for female inmates.

The project will examine all state and federal correctional institutions housing female offenders in order to develop supported conclusions for some of the questions raised by correctional practitioners and professionals—for example, whether criteria in addition to those used to classify male offenders should be used to assess the security and programmatic needs of female offenders.

Data will be gathered through interviews, questionnaires, and on-site evaluations. A thorough literature review will also be conducted. The final manual will include recommendations as well as specific guidelines for adapting various classification systems that have already proved successful in certain states. The manual will be distributed to all participating institutions and other persons interested in the results of this nationwide survey. The project is scheduled for completion January 20, 1984.

CORRECTIONAL STANDARDS PROGRAM

Hardy Rauch, Program Manager

In conjunction with the U.S. Department of Justice, the Commission on Accreditation, units from all 50 states, and the Correctional Service of Canada, the American Correctional Association will develop, disseminate, and review standards for safe, sound, and humane practice in all areas of corrections. A 12-month grant from the National Institute of Corrections will enable the ACA to maintain this ongoing cooperative effort and to support the activities of the Committee on Standards. Activities for the coming year include the issuing of the second in a series of annual supplements to the current editions of standards. The supplement will contain materials contained in the first supplement (October 1983) as well as any additions, deletions, revisions, and interpretations to the standards approved by the Committee during the year. The supplements will be used in the accreditation process and by ACA consultants providing technical assistance to the field.

Other activities to be undertaken during the grant period include the following:

- *Evaluation of the impact of standards and accreditation.* The results of questionnaires and on-site visits to accredited facilities will be analyzed to explore the need for additional standards to ensure that staff and inmates are living and working in safe and humane environments.
- *Clearinghouse activities.* The ACA will continue to respond to inquiries from correctional practitioners, courts, political jurisdictions, and other interested persons regarding standards implementation and interpretation.
- *Reviewing of existing and proposed publications for compliance with standards.* Standards staff and the Committee will continue to review new ACA publications to ensure that they conform with the intent of the standards in force.

DEVELOPMENT AND IMPLEMENTATION OF A UNIT MANAGEMENT SYSTEM FOR SOMERS, CONNECTICUT

Roy Gerard, Program Manager

Unit management has been in operation in many state and federal facilities for the past 15 years and has been found to offer significant advantages for institutional programming and operations, including better coordination of resources, closer observation of inmate activities and behavior, more effective decision-making by staff, and a more positive correctional atmosphere for inmates and staff alike.

This project, funded by the National Institute of Corrections (NIC), will establish a unit management system in the Connecticut Penitentiary. The ACA Program staff will provide technical support and supervise the program. The results will be shared with other institutions in the state. Major components of the project will include staff orientation in the fundamentals of unit management; studies and reviews of the institution's physical plant, staffing needs, and classification system; and the development of monitoring and program evaluation procedures.

Program Manager Roy Gerard has been instrumental in developing unit management systems for several agencies throughout the United States. The project is scheduled for completion July 15, 1984.

DEVELOPMENT OF GUIDELINES FOR CONVERSION AND OPERATION OF UNUSED PUBLIC PROPERTIES AS LOW-COST DETENTION FACILITIES FOR DRUNK DRIVERS

Dr. Robert B. Voas, Program Manager

This manual will be designed and written in a simple, straightforward form which will provide information to local government officials responsible for the development and management of these alternate detention centers. It also is intended that this manual would be useful for local community leaders seeking establishment of alternatives to traditional incarceration. Funding for this grant is being provided by the U.S. Department of Transportation. The scheduled completion date is September 1, 1984.

DEVELOPMENT OF SAMPLE POLICIES AND PROCEDURES FOR JUVENILE DETENTION FACILITIES

William J. Taylor Project Director

This project, funded by the Office of Juvenile Justice and Delinquency Prevention (OJJDP) was designed to assit the ACA in developing and publishing a set of sample policies and procedures, along with guidelines for adaptation for local use. This project is similar to a project previously completed by ACA in which sample policies for adult standards were developed. The scheduled completion date is January 1984.

EXAMINATION OF PRISON INDUSTRIES

Dr. Robert B. Levinson, Program Manager

Prison industries represent a vastly underutilized source that can and must be used to better advantage. The re-entry of private sector involvement in prison industries operations, along with the success of various government and joint public/private operations, gives new import to such questions as: What are the essential elements of prison industries operations? Which models are the most successful? How should a correctional system choose from among the various approaches?

This project will provide a comprehensive view of prison industries operations as they exist today and will offer suggestions for future operations based on a thorough literature review and information gathered from inmates as well as line and executive staff. Topics to be examined include sales markets, inmate salaries, training and work skills, government regulations, and use of profits.

Funded by the National Institute of Corrections, the project will screen operating prison industries programs and select several successful alternative approaches for intensive study. A series of on-site visits, interviews, and questionnaires will provide the data to be studied. The report of this study will provide guidance for those planning new prison industries or charged with renewing old industrial operations. The project is scheduled for completion January 1, 1985.

THE FEASIBILITY OF DEVELOPING A NATIONAL LEADERSHIP PROGRAM TO CERTIFY CORRECTIONAL ADMINISTRATORS AND MANAGERS

William J. Taylor, Project Director

The intent of this project is to conduct a feasibility study and propose a model for a national certification program for correctional managers and administrators.

The project is scheduled for completion on August 31, 1984.

FEASIBILITY OF ESTABLISHING MODEL CRITERIA FOR HIRING CORRECTIONAL OFFICERS

William J. Taylor, Program Manager

This grant, from the Department of Justice, National Institute of Corrections, is intended to provide a study to determine the "Feasibility of Establishing Model Criteria for Hiring Correctional Officers." The task required by this project will provide significant information for correctional decision makers. Research objectives will benefit both correctional officers and administrators by establishing job-related objective criteria. The major consultant on this project is Michael Gilbert.

Scheduled completion date is March 1984.

NATIONAL CORRECTIONAL POLICY

Charlotte A. Nesbitt, Program Manager

This project, funded by NIC, will implement the Public Correctional Policies Plan recently developed by the Association. The plan represents a consensus-building process for identifying, ratifying, disseminating, and implementing national correctional policies. The purpose is to provide a unified sense of purpose and direction to correctional systems, agencies, and services throughout the country.

With the assistance of the ACA's Public Correctional Policies Project Staff and Public Correctional Policies Advisory Committee, policies on priority issues will be drafted, hearings will be held, and final draft policies will be submitted to the ACA Executive Committee and the ACA Board of Governors for approval. Once approved, the policies will be submitted to the ACA Delegate Assembly for final discussion and ratification. Those that are ratified will be disseminated throughout the states; assistance with implementation will be available from project staff. The project is scheduled for completion April 24, 1985.

PLASMAPHERESIS CENTER PROJECT

William J. Taylor, Program Manager

The intent of this project is to produce, for distribution, an Advisory Bulletin on "Plasmapheresis Centers" in correctional institutions - the state-of-the-art; history of plasmapheresis in correctional institutions; do's and don'ts for correctional departments to consider; guidelines to consider and legal problems.

The project is scheduled for completion on August 31, 1984.

PRIVATE SECTOR OPERATION OF CORRECTIONAL FACILITIES

Dr. Robert B. Levinson, Program Manager

This project represents the first comprehensive look at a new and intriguing phenomenon in correctional administration—the operation of secure correctional programs and facilities by private, for-profit companies. The intent of the study is to evaluate all aspects of this trend in correctional operation, including personnel practices, program effectiveness, staff attitudes and morale, inmate attitudes and morale, comparative costs, community responses, and evaluations by other criminal justice agencies. Focus of the study will be the Okeechobee School for Boys, a secure institution that has been under private sector management since October 1982. Similar operations underway throughout the United States will also be surveyed, and an assessment made of the interest expressed in such operations. The statistics, conclusions, and recommendations in the final report should be of value to those concerned with the effectiveness and costs of correctional programming and operations. The project is being funded by the National Institute of Corrections and is scheduled for completion January 1, 1985.

TECHNICAL ASSISTANCE FOR JUVENILE CORRECTIONAL FACILITIES

William J. Taylor, Project Director

Funded by OJJDP, this project will enable the ACA to provide technical assistance to juvenile organizations and/or facilities. Recipients of this technical assistance will be selected by the ACA and OJJDP.

Scheduled completion date is January 1984.

TRAINING OMBUDSMAN IN JUVENILE INSTITUTIONS AND AGENCIES

William J. Taylor, Project Director

This grant from the OJJDP is intended to provide a curriculum to train ombudsman/advocates working in juvenile institutions and agencies. The ACA will develop a 40-hour curriculum and train 70 ombudsmen during the grant period.

Scheduled completion date is January 1984.

RECENTLY COMPLETED PROJECTS

Alaska Policy and Procedure Development.
Hardy Rauch, Program Manager.

This project, a contractual arrangement between the Association and the state's department of adult corrections, was a joint effort involving the executive staff and employees of the Adult Corrections Agency and specialized ACA consultants. The project produced guidelines and a standardized format for the development of six agency-wide manuals as well as policies and procedures for selected areas in the system.

Computer-based Education Courseware PLATO System (Control Data Corporation).

This project will develop four modules of individualized, computer-assisted instructional courseware and supporting material for correctional officer training. This courseware will address a number of core training subject areas basic to pre-service correctional training in federal, state and local institutions in the United States and Canada. The major consultant on this project was William J. Taylor.

Design Guide for Secure Adult Correctional Facilities.
Hardy Rauch, Program Manager.

In order to meet the needs of correctional facility planners and managers, the National Institute of Corrections (NIC) awarded a grant to the ACA to revise and update the sorely outmoded federal design manual. The new manual is a thorough complilation of design concepts based on state-of-the-art correctional programs and operations. Developed with the assistance of the ACA Committee on Correctional Architecture and other outstanding professionals, the *Design Guide* also conforms with the second editions of ACA correctional standards.

The design guidelines presented in the manual combine the principles of secure design for medium-size institutions with contemporary principles of program management and services. Profusely illustrated with diagrams and photographs of operating facilities, the step-by-step guidelines explain clearly how to translate correctional policy into a facility design that works safely, humanely, and effectively for inmates and staff. Major topics covered included:

- The planning, design, and construction process
- Inmate housing, services, and programs
- Administrative functions
- Service facilities
- Security features

Development of Classification System for Alaska Facilities,
Pre-Trial Detainees, and Community Centers.
Charlotte A. Nesbitt, Program Manager.

This contractual arrangement between the ACA and Alaska enabled the Association to work closely with Alaskan officials to develop a system of classifying various levels of prisoners, pre-trial detainees, and community program participants. The project also identified security levels for various correctional programs and facilities, enabling state administrators to implement a system that relates inmate classification needs to the security levels of facilities.

New Mexico Policy and Procedure Development
James D. Henderson, Program Manager.

This project, funded by the National Institute of Corrections, was designed to develop a basic format and policies and procedures for selected areas within the administrative control of the New Mexico prison system. The principal consultant for this project, Jim Henderson, worked closely with the director of corrections and other key employees throughout the Department to complete a three-volume set of policies and procedures for the state.

Policy and Procedure Development for the Nevada Department of Prisons, Phase II
Hardy Rauch, Program Manager.

During the first half of 1982 the Association worked with Nevada Department of Prisons to develop a set of agency-wide policy and procedures for selected problem areas. The second phase of the project, completed in 1983, addressed secondary portions of Nevada's policy program. The Association coordinated its efforts with Nevada's prison officials and several key consultants with specific expertise to produce a two volume set of administrative rules and regulations covering all major areas of correctional management.

Protective Custody in Adult Correctional Facilities.
Hardy Rauch, Program Manager.

Questions relating to protective custody inmates and operation of units to house these prisoners remain relatively unexplored. The lack of adequate texts on the subject accentuates the problems of the correctional administrator who wishes to deal humanely and rationally with inmates who may require protective custody.

This project explored the current uses of protective custody in six adult institutions. Surveys of staff and inmates were conducted to examine who is being confined in protective custody units, for what reasons, and under what conditions. The resulting publication includes photographs, charts and graphs, and supporting editorial comment. Major sections of the publication include:

- The who, where, when and why of inmates placed in protective custody
- The current status of protective custody units
- Protective custody from the perspective of the inmate and from the perspective of the correctional officer
- The effect of protective custody upon the inmate
- The ACA standards relating to the protective custody unit
- Use of confidential information and sources
- The effective protective custody unit.

The publication provides administrators with basic facts and information and, more importantly, is intended to encourage others to identify more specific areas that can be explored to improve the managerial effectiveness of the protective custody unit.

Security Manual for the Tennessee Department of Corrections

Hardy Rauch, Program Manager

During 1981 the Association provided technical assistance to the Tennessee Department of Corrections (TDOC) for the development of an agency-wide policy and procedure manual. Pursuing our goal to translate these policy directives into concrete reality, ACA and TDOC continued to work together into early 1983 to develop a security manual specifically directed toward improvement of security practice at the Tennessee State Prison. The manual standardizes the penitentiary's security measures and serves as a resource document for the development of manuals by other prisons throughout the state.

TRAINING AND TECHNICAL ASSISTANCE

The American Correctional Association's Division of Training and Technical Assistance offers training to meet the needs of our membership through nationally advertised and on-site training programs. We are pleased to offer a correspondence course for correctional officers this year.

Training for Staff Trainers

A survey recently conducted by the Technical and Skills Training Division of a national training organization revealed that 60 percent of their technical training members had been in their positions less than two years and 70 percent have never had any specific training in instructional technology. The American Correctional Association has been working with the National Institute of Corrections over the past two years to develop a comprehensive "Train the Trainers" program for correctional staff trainers. We have trained over 400 trainers in the past two years. The purpose of this program is to assist the participants in developing the knowledge, skills and attitudes necessary to be a professional correctional staff trainer.

Workshop Design

The learning experiences in this program incorporate a philosophy of "learning-by-doing" in a highly concentrated format. In preparation for a workshop, participants are often asked to devote time to the selection of materials reflecting the needs of their own work settings. In simulated individual and team environments, they then apply the principles being learned to these materials to design and complete products translatable to each person's work situation.

A wide variety of programs will be offered in 1983-84 including:

- Let ACA Train Your Trainers
- Managing Stress in Corrections
- Crisis Intervention and Hostage Negotiations
- Stress-Reduction Techniques for Inmates
- Proposal Writing for Corrections
- Fire Emergency Planning
- How to Develop Policies and Procedures
- Legal Issues Training
- Emergency Evacuation Procedures
- Managing Community Corrections Facilities
- Dealing with the Mentally Ill Offender
- Suicide Prevention

On-Site Workshops

The Association also conducts on-site training programs in the content areas listed, as well as Report Writing, Management and Supervisory Training, and Communication Skills. These programs are designed to be delivered on-site for state and local departments of correction at a greatly reduced rate. The sponsor of an on-site training workshop provides a training site and a minimum number of participants. By using the on-site training model, departments of correction save travel and per diem costs for participants and gain the ability to train a large number of people.

Correspondence Course

The Association also offers a Correctional Officer Correspondence Course. This four-volume, self-instructional course provides basic instruction, in accordance with ACA standards, for every correctional officer.

- Volume I-Basic Concepts In Corrections
- Volume II-Supervising Inmates
- Volume III-Security Procedures
- Volume IV-Special Inmates

After completing each volume, the officer will be given a comprehensive examination. Each candidate who scores 80% or better on each test will be awarded a certificate of successful completion of 40 hours of in-service training.

Furthur information can be obtained by writing or calling Martha Lenny, Staff Assistant, or William J. Taylor, Manager, Training and Technical Assistance, American Correctional Association, 4321 Hartwick Road, College Park, MD 20740. Phone (301) 699-7650.

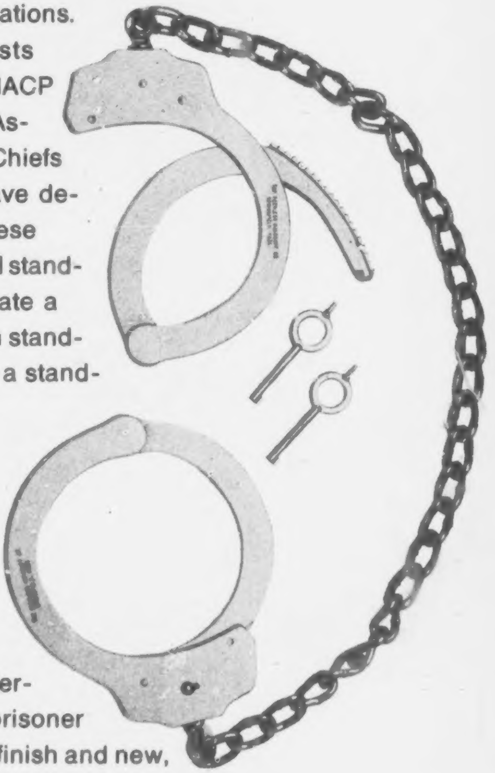
PEERLESS RESTRAINING DEVICES

New Hinged Handcuffs These patented handcuffs are the ultimate in restraint and provide maximum safety to the restraining officer. New hinge design prevents prisoners from using muscles and tendons to tamper with locking mechanism. When handcuffed properly, prisoners are unable to escape, even with key in hand. Hinged Handcuffs, permit cuffing in a cross arm position, preventing "stepping" through to bring hands from back to front. Particularly effective in transporting prisoners and in high security risk situations. Independent tests approved by the IACP (International Association of Chiefs of Police) have determined that these handcuffs exceed Federal standards. Can accommodate a 25% larger wrist than standard cuffs and uses a standard handcuff key.



Leg Irons

Peerless log irons are adjustable shackles built for years of service. They are made to the same rigid specifications as U.S. government approved Peerless handcuffs. They have 19 positive locking positions to a 10" circumference and a strong 15" chain to prevent the prisoner from running. All steel construction with nickle finish and new, improved double lock. Two standard handcuff keys are furnished.

Hot Wire.

Just how hot is the GTE FPS-2?

So hot that we think no other fence mounted protection system sells out faster.

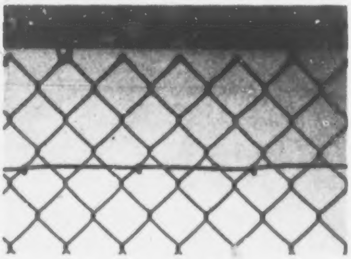
Even though they've had 8 years to try.

So hot that a recent national survey of security users ranked FPS-2 as the number one fence mounted product.

So hot that NATO chose it for high-risk installations after a 3-year head-to-head competitive comparison.

So hot that dozens of federal and state correctional facilities keep their toughest customers behind it. On fences up to 14 feet high.

FPS-2 FENCE PROTECTION SYSTEM



Consider the Source

So hot that thousands have found a place in military, government, and industrial installations ranging from sub-zero Alaskan winters to sizzling Southeast Asian summers.

That's hot! But that's not the whole story.

The FPS-2 has a complement of features that minimize installation cost, repair time and cost, instruction time for expert use. Even a listen-in feature that can cut false alarms to the bone.

For more information, write or call: GTE Security Systems, P.O. Box 1448, Mountain View, CA 94042, 415/966-2210, 3125 while it's hot.
